Mayor Gwen Johansson and Council are pleased to announce that a new logo and tagline have been adopted for Hudson's Hope. Council embarked on a branding process in 2012, to modernize its brand and address the following objectives:

- Local and regional recognition as a recreational tourism destination.
- Inclusion as one of the legs of the Alaska Highway journey.
- To bring families to live in this safe, affordable community (linked to the major industrial projects in the area).
- To drive business interest including cottage retail and permanent professionals.

The new tagline "Playground of the Peace" was previously utilized by the District and very much reflects how we are perceived by residents in the region. The new logo incorporates colours that are representative of the visual attributes of our environment.

The process involved considerable discussion and review of options by Council and one of our most valued sources for input and suggestions is our residents. Community input is always a top priority for Council and the resourceful and sometimes colourful recommendations from our talented citizens has been incorporated into the newly refurbished emblem of Hudson's Hope. A hearty thank you to all for the great input!

## District News

### Municipal Campgrounds

The municipal campgrounds will open again this year on the May Long Weekend. Come out and enjoy one of our four campgrounds, including Cameron Lake, Dinosaur Lake, Alwin Holland and King Gething.

Resident camper passes for camping at one of our four parks are available again this year for Hudson's Hope residents only. There are also 10 day pass cards available. These passes are available at the District Office only and not available from the camp attendant.

All park fees entitle you to one armload of wood to burn per day. Additional charges will apply for additional wood. Camp attendants will only accept payments by cash.

### Hudson's Hope Swimming Pool

The Hudson's Hope Swimming Pool is being prepared to open again this year on the May Long Weekend! Check the district website at [www.hudsonshope.ca](http://www.hudsonshope.ca) and Facebook for scheduling information.

### Large Item Clean Up Week June 10-14

Every year the District helps you clean up your yard by coming around and

picking up large items (such as old vehicles, refrigerators, couches, etc.) that you would like to dispose of. The items must be easily accessible. Any vehicle picked up will need to have the gas tank removed, all fluids drained and the tires removed.

**Sign up by Wednesday, June 5, 2013, which is the week prior.** No late entries will be accepted. Sorry **NO** exceptions!

As you can understand this must be planned; therefore, you must give us your name, civic address or location of item(s), telephone number and which item(s) you want picked up. A waiver will need to be signed to authorize the District to remove items. A sticker which is provided by the District must be put on the article to be removed. **ALL ITEMS MUST BE LOCATED AT THE CURB!** The District will not go onto private property.

For information call 783-9901 or come in to the District Office at 9904 Dudley Drive 8:30 am - 4:30 pm, Monday to Friday.

*Mike Carter, Director of Public Works*

## Hudson's Hope Visitor Centre

The Visitor Centre will be opening for the season Monday, May 13th, 2013. We will be open seven days a week from 8:30 am to 5:00 pm until the fall.

Please come in to see what's new this year.

As always, we have BC Provincial Road Maps, BC Approved Accommodation Guides, and

visitor guides for each region and its communities.

If you are heading to the Yukon, Northwest Territories, Nunavut, Alaska, Alberta, Saskatchewan or Manitoba we can provide you with vacation planners. Travelling with BC Ferries or Alaska Marine Highway? Let us help you with schedules.

You never know what is in store till you come in. Looking forward to seeing you.

## Museum

### May at the Hudson's Hope Museum!

#### Summer Hours Start May 1<sup>st</sup> - Open Seven Days A Week 9-5!

**Historical Minute:** Have you ever wondered how Hudson's Hope got its name? It's one of the most common questions asked at the museum. There are many different versions about how Hudson's Hope was named, and the museum would like your thoughts on them, each month for the next five we will tell one version and in July we will be asking which one do you think is the story of how Hudson's Hope got its name!

**Hudson's Hope Naming Story # 3:** The word "Hope" historically meant a small enclosed valley, especially a smaller opening branching out from the main dale and running up the mountain ranges; upland part of a mountain valley; a blind valley (shorter oxford English dictionary, and new English dictionary). \*\*\*These meanings were used

to the end of the 19<sup>th</sup> century and place names ending in "Hope" were quite common in Scotland and north-eastern England.

What do you think? Was this how Hudson's hope got it's name?

Don't forget to check next month for the next Hudson's Hope naming story!

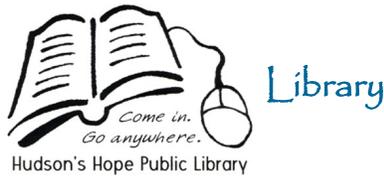

The Museum board would like to send out a **Big Welcome** to the new members of the Board and also thank all who came out for the Museum AGM. I would also like to issue a big **thank you** to all the returning members of the board who do so much to keep the museum running smoothly.

If you are interested in supporting the museum you can by buying a membership for \$20, which gives you 10% off in the museum gift shop all year long!!! Don't forget the Museum is online; Check out the website at [www.hudsonshopemuseum.com](http://www.hudsonshopemuseum.com) to see for yourself!

The Next Historical Society meeting will be at 7pm on May 16th at St Peter's Church. If you would like any further information, please call the museum at (250) 783-5735 or email the museum at [hmmuseum@pris.ca](mailto:hmmuseum@pris.ca).

May hours at Museum **Monday to Sunday 9am -5.00pm**. Come in and learn something new about the beautiful valley that you live in!

Elinor Morrissey - Museum Curator

The Library will be switching over to our summer hours starting after Victoria Day on May 20<sup>th</sup>. We will now be closed on both Saturdays and Sundays.

NOTE – After School Club is cancelled on May 8<sup>th</sup> as both Toby and Amber will be away for professional development training.

A big thank you to Grade 12 Work Experience Student Emily Wiltse who was an important part of After School Club at the library from October 2012 – March 2013. Her assistance with the program and positive attitude were greatly appreciated.

Thank you also to Nicola Hedges and the United Way for securing a grant for the After School Club. One way we would like to use the funds is to provide a healthy snack for those children attending ASC each week. We will be sending home permission forms with each child that attends After School Club in the upcoming weeks so that we can have a list of any allergies on file.

The library is now housing 5 new theme boxes in the Children's area of the library: Seasons and Weather, Transportation, Emotions, Space and Food & Nutrition. Thank you to Karen Kehl for all her hard work in putting these theme boxes together and to the Children's First Grant and Success By Six for making it all possible. These new theme boxes are geared towards children

ages 4 -7. Please note that the theme boxes are for use at home and not for use inside the library.

We have a large assortment of new books! Many of our new adult titles are listed on our web page; check out the web page and then come to the library check out the book!

## SILVER WILLOW COURT LUNCHES – THANK YOU TO ALL

The winter schedule of lunches at Silver Willow Court has come to an end. If you came to the Silver Willow Court on Tuesdays at noon during the winter months, you enjoyed a nutritious lunch with some of the nicest people.

Volunteers did all the tasks necessary to put on these meals such as reminding people to come, putting up tables, setting the tables, making tea and coffee, cooking the food, transporting the food from the Community Hall kitchen to Silver Willow Court, driving people to Silver Willow Court, serving the soup and drinks, making desserts, cleaning up, putting the tables and chairs away, and donating food.

Thank you to the following volunteers who helped this winter and last winter: Joan Alexander, Harve Armitage, Donna Beattie, Mary Brereton, Deb Brough, Bud Ferguson, Elaine Ferguson, Nedra Forrester, Monica Leney, Steve Metzger, Sheena Moore, Deborah Peck, John Quinn, Lindi Gellert, Christine Tomy, Terry Webster, Rosa Zhang, Hudson's Hope students and probably others I am forgetting.

Organisations supported this activity by donating the use of the facilities, providing transportation, and allowing students to help. Thank you to Hudson's Hope Women's Club, Hudson's Hope Healthcare and Housing Society, Hudson's Hope Lion's Club, and Hudson's Hope School.

We have finished for this year, but join us next year starting next October. Come to the Silver Willow Court common area at noon on Tuesdays to enjoy a nutritious meal and excellent company. A \$4 donation covers the cost of the meals. Everyone is welcome.

Thank you everyone for making this possible...Grace Okada

## THANK YOU HUDSON'S HOPE

We are so touched, so overwhelmed and so humbled by the outpouring of love and support and generous donations that we have received since losing our home in the fire. So many of you have come forward, that the entire bulletin couldn't cover what you have done for us and what it has meant. Thank you to the Hudson's Hope Fire Dept. for saving our animals and everything else you could! Please all of you know how deeply thankful we are for all you have done for us. We will never forget how you have held our family together.

Very Sincerely,  
Rodney & Alison, Sean, Brenna and Quinn

## DOUBLE "H" SADDLE CLUB

In March of 2013, the Double H Saddle Club was granted the hosting of the

### **BC JR PROVINCIAL HIGH SCHOOL RODEO CHAMPIONSHIPS**

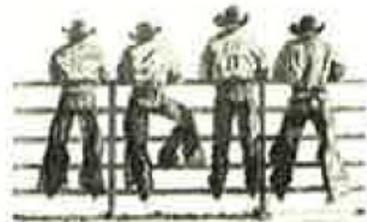

**MAY 17 & 18, 2013**

### **SR. HIGH SCHOOL RODEO**

**MAY 19 & 20, 2013**

Since that time, the Saddle Club has been making great efforts to revitalize our facility. We have had help from many sponsors including the District of HH. Some of this assistance has come in the commitment of our Special Events Coordinator who has been giving the task of Community Involvement. We hope you become involved to help us show the rest of BC what HH is made of! Our work bee dates are May 7-15 if anyone is interested in helping out please call 250-783-5220.

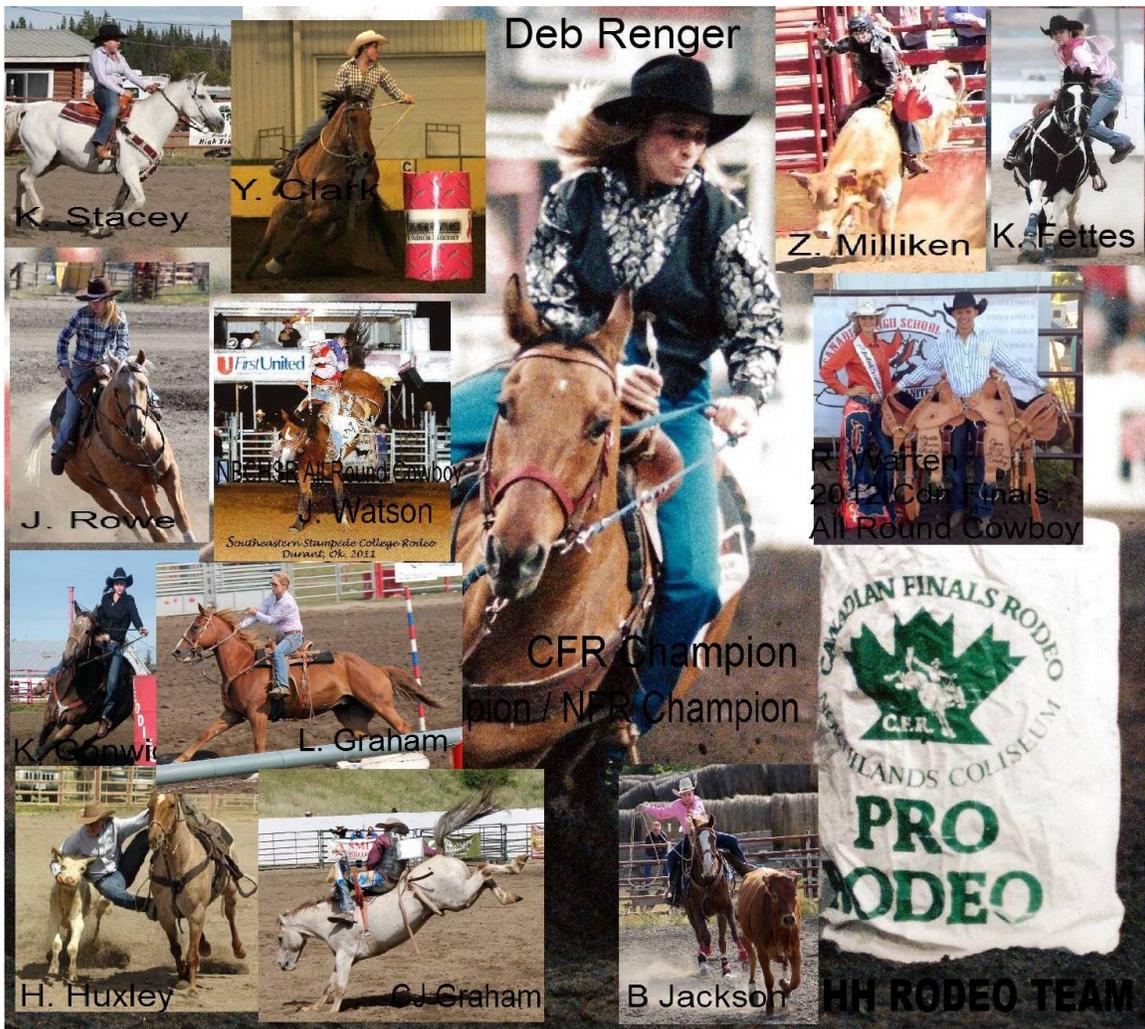

Come and enjoy the May long weekend with us. We will be welcoming contestants from throughout the Province. It is well known throughout the Province that the northern competitors do very well in these championships. There is a small but strong team of competitors here in Hudson's Hope and we wish them all great success in their efforts. A huge thank you goes out to all our volunteers.

Is your garage so full and in need of some sorting? Why not hire the Grads of 2014 to do it for you? For more information, please call Johanna at 250-783-0732.

## Grad 2014 thanks you for supporting the Coffee House

Despite the snow and the cold, the place was warm and cozy. The sweet sounds of music and laughter filled Hudson's Hope School on Friday, April 19<sup>th</sup> at the Coffee House hosted by Grad 2014. Many thanks to all those who volunteered to perform for this event: Jason, Steve, Grant, Chris, Maxx, Kristy, Kestyn, Celina, Cadyn, Billie, Bella, Jaylen, Yvonne, Christopher, Jenna, and Nqobile. Thanks to those who were more than willing to show but were "snowed" in. We know where your hearts were ☺

Thanks to all the Grad parents for helping out with the delicious treats and silent auction. The Grads did an awesome job of running the show. And, of course, a joyful thanks to our supporting audience.

## LOCAL STUDENT HONOURED IN QUEBEC

CFB Valcartier, QUE. – Junior Canadian Ranger Autumn MacDonald receives the Chief of Reserves and Cadets coin, a prestigious honour, from Brigadier-General Jay Milne who is Director General of Reserve and Cadets. “This was right out of the blue,” said Autumn MacDonald, age 17. “I was really honoured.”

This is the second time that the coin has been presented to a Junior Canadian Ranger at the National Marksmanship Championships. Traditionally, the coin is given by Canadian Armed Forces Commanders’ to recognize one of their personnel for going above and beyond the call of duty. This year Autumn MacDonald was selected to represent all the participants in recognizing their hard work and dedication.

Autumn MacDonald competed in the Junior Canadian Ranger National air rifle Marksmanship Championship in the Quebec City area from April 23rd to 25th, winning medals for being the third place individual shot and part of the third place team. Sixty-Five Junior Canadian Rangers and their adult staff from across Canada participated.

Autumn has been a Junior Canadian Ranger for five years and this is the third time she has competed in the National Marksmanship Championship. She currently attends grade 12 at Hudson’s Hope Secondary School. Next year, Autumn plans to attend Augusta College in Camrose, AB where she will focus on environmental studies. Her parents Samantha and James both live in Hudson’s Hope.

"I enjoyed visiting the old part of Quebec City, taking in the rich and proud culture that Quebec is known for. Because I joined the Junior Canadian Rangers, I got to learn a lot about myself and what I could do. I have experienced so much such as visiting other locations like Yellowknife and Gander and making many friends both here and across Canada."

The Junior Canadian Rangers is a youth programme is open to all Canadians aged 12-18 years. For more information go to [WWW.JCR-RJC.CA](http://WWW.JCR-RJC.CA)

### Mayor's Address

#### Water

Providing basic infrastructure such as water and sewer is one of the main purposes of local government. The focus for this column is water: this month it's the downtown system; next month, water in the rural areas.

So, what's the state of the municipal water supply now, what do we need to plan for in future and how do we get there?

The District maintains a water distribution system for Jamieson and Thompson subdivisions and the downtown core. The downtown portion was built in the 1960's and was state of the art for the day. It has lasted remarkably well but 50 years does take its toll and the system is in need of major replacement/repair. For years, staff has known that Hudson's Hope demand has far exceeded normal use. They suspected leaks. A leak detection assessment proved them right. A major leak, estimated at close to 40% of total water treated, was located on Kylo Street and repaired a few years ago. But a year later a significant leak in the adjacent section had to be repaired. The pipe is worn out.

The bottom line is that the entire downtown water system needs to be overhauled. Plans to accomplish this in stages are as follows:

#### **Water Meters –(2012/14)**

Installation was 70% completed last year. It was paid for through the federal gas tax program. (The federal government collects a tax on gasoline. Since 2005, some of that money has come to communities for infrastructure projects.) In Hudson's Hope, water is metered when it comes into the system from the river so we know how much is being treated. Once the meter installation in houses and businesses is complete, staff will be able to measure the amount of water going to users. Once we know the total going out, we can compare that to what is brought in, and we'll be able to determine how much is being lost to leaks or other problems.

#### **Water Valve Replacement (2013+)**

If a major water problem developed in one section of the downtown, staff indicate that we would not be able to isolate that section due to the deterioration of existing valves. We would therefore have to turn the water off in the whole town. Tenders are out now to have specialty valves which can be installed under pressure put in place. In the event of a problem, the affected area could then be isolated, allowing water to be delivered to the rest of the system.

**Back-up Generator for the Water Treatment Plant and River Pumps (2013)**

Public Works will obtain a generator sufficiently large enough to ensure water service can be maintained in case of an extended power outage. Up to now, we've been relying solely on the reservoir on top of the hill having enough water to tide us over. The back-up generator will provide reliability should there be an extended power outage. It would be especially valuable in case of fire.

**Booster Station at the Reservoir (2013)**

A contract has been awarded and work has started to replace the old Lister pump which has served us well, thanks to the ongoing maintenance of the works crew over the years. The pump provides pressure to Thompson and Jamieson subdivisions. The new arrangement will significantly reduce the risk of contamination of the whole reservoir as the existing pump is diesel-fired and is located above the reservoir.

**Water Main Replacement (Starting 2014)**

This is the "biggie" but there is no getting around it. The leaks repaired in recent years show pipes that need to be replaced, probably starting on Kylo where the two major leaks have revealed badly deteriorated pipe. This will be a major expenditure. Hopefully Hudson's Hope will be able to tap into the Municipal Infrastructure program announced in the recent federal budget.

**Water Utility Reserve Fund (2013)**

Water and sewer should be self-liquidating. They are based on the "user pay" principle and money should be set aside each year for replacement when the time comes. Hudson's Hope does not presently have a formalized targeted system.

Hopefully the above summarizes the needs of the water distribution system, and the plans to address them. Next month, we'll have a look at water in the rest of the municipality.

**National Public Works Week**

Council proclaims May 19-25 National Public Works week.

The District of Hudson's Hope Mayor and Council would like to take this proclamation a step further and declare appreciation for all their DOHH employees.

Your dedication and hard work is appreciated and does not go unnoticed in making our great little town run smoothly.

With Sincere appreciation,  
Mayor and Council.

## X-ray services during renovation project

Renovations have begun on a new x-ray room at the Hudson's Hope Health Centre.

As we await completion of this exciting project, x-ray services will be limited. A portable x-ray machine has been located on site to make sure Hudson's Hope residents continue to have emergency access to x-ray scans.

All physicians and Medical Office Assistants at area clinics are encouraged to remind patients that diagnostic imaging departments at Fort St John, Chetwynd, and Dawson Creek are available for all non-urgent needs in the interim.

The Hudson's Hope Health Centre's new x-ray room is expected to be ready in July, 2013.

# Safe Kids Week

May 27 - June 2, 2013

Heads Up! Be Alert. Be Safe. Be Aware of Concussions

## What are the signs and symptoms?

### Physical

- Headache
- Nausea or vomiting
- Dizziness
- Blurred vision
- Fatigue or low energy
- Sensitivity to light or noise
- Loss of consciousness

### Cognitive (thinking)

- General confusion or foginess
- Difficulty concentrating
- Difficulty remembering

### Emotional

- More emotional
- Irritability
- Sadness
- Nervousness or anxiety

## What is it?

Concussion is a brain injury. Any blow to the head, face, neck or to the body that causes a sudden shaking or jarring of the brain inside the skull may cause a concussion. A concussion can result from any number of activities including receiving a check in hockey, falling from a jungle gym, being in a motor vehicle collision or slipping on an icy sidewalk. You do not need to lose consciousness to have had a concussion.

## What should you do?

If you think you have had a concussion, you should **immediately remove yourself from the current activity whether it is sports, work or school**. You should not drive and should seek medical attention. It is important to tell a family member, friend, co-worker, teammate, employer, trainer or coach if you think you have had a concussion.

If you suspect a concussion, remove the person from the sport or other activity right away. They should not be left alone and should be assessed by a medical or health professional as soon as possible. Given that symptoms may worsen later that night or over the next day or two, the injured person should not return to their current activity levels. When concussed, their ability to assess their situation may be impaired.

Symptoms usually last for seven to 10 days but may last for several weeks to several months in some people.

## Do I Need a Building Permit?

If you are planning to construct, alter, reconstruct, demolish, remove or relocate any building or structure, including excavating or other work related to construction, then you may need a building permit.

### Typical Projects That Require a Building Permit:

- new homes
- decks
- new fireplaces
- completion of roughed-in fireplaces
- porches
- carports
- attached or detached garages
- one or two storey additions
- plumbing and/or drains
- structural alterations to windows or doors
- adding or removing walls
- basement or main floor walkouts
- second dwelling units

### Why are Building Permits Needed?

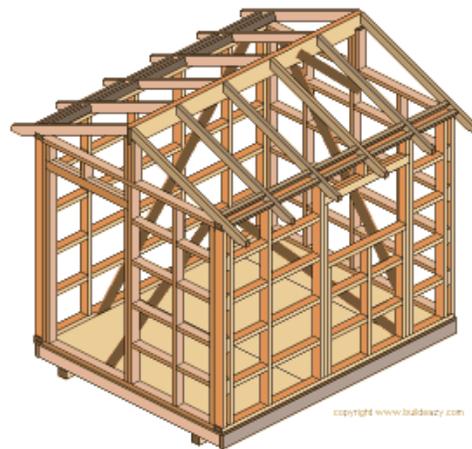

Building permits are necessary to ensure that building code requirements, zoning requirements, fire and structural safety standards, and other building standards are met, primarily for health, safety, and energy conservation reasons.

## How to Apply for a Building Permit?

To apply for a building permit, or for more information on building permit requirements/processes, please email [buildingpermit@hudsonshope.ca](mailto:buildingpermit@hudsonshope.ca), call 250-783-9901 or come in and see us at the District Office in Hudson's Hope.

District Bylaw 741 states that no person shall commence or continue any construction, alteration, reconstruction, demolition, removal or relocation of any building or structure, including excavation or other work related to construction unless a building official has issued a valid and subsisting permit for the work.

You can find more information on Bylaw 741, on the District of Hudson's Hope website at: <http://www.hudsonshope.ca/Bylaws.html>

# Hudson's Hope

Recently our Kindergarten-Grade 1 Class spent a class with their "Big Buddy" Biology 11 students. They learned a bunch about how frogs live, and they participated in a dissection of some lab-specimens.

Our shop students recently completed their "elephant" woodwork projects. I managed to get a quick picture of two of them before the students brought them home. Great work guys!

The April 19th Coffee House was a fun event and highlighted a lot of local talent. It was great to see so many community members out enjoying some fun entertainment. Thank you very much to our Grads for organizing this event, and of course to all of the folks who took the stage to share their musical talents!

Congratulations to Autumn MacDonald who, as a member of the 4 CRPG (Junior Canadian Ranger Patrol for Alberta, Saskatchewan and B.C.) earned the right to compete in a National Marksmanship Championship in Valcartier, Quebec this April 19-26. Autumn is a member of a team of 15 JCR's chosen from the above mentioned provinces. This will be the third time she has earned the right to compete at the national level. Good luck Autumn!

Congratulations to all of our High School Rodeo students who participated in a Rodeo in Chetwynd last weekend. Zack Milliken won the Ribbon Roping, and took 3rd in chute dogging, and Boys Breakaway. Ricky Warren won all 5 of his events.

Congratulations to Jessica Kempster for earning two gold and one bronze medals at a recent Karate Tournament.

# e School News

Congratulations to Ricky Warren for being chosen as a “Legacy Athlete” for the Pomeroy Sports Center- “National-International Athlete Legacy Display”. A picture and description of Ricky’s accomplishments as High-School Rodeo competitor will be permanently displayed at the center as part of an electronic slide-show. There were over 200 applications/nominations! This is a huge honor, considering Ricky will be sharing space with Olympic athletes. Congratulations Ricky, and thank you for showing how far hard work and perseverance can go.

Earth Day Cleanup: A big thank you to all of our students, staff, and parent helpers for doing a wonderful job of cleaning up our community after the long winter. We picked up litter, recycled beverage containers, and enjoyed an afternoon of beautiful weather. Everyone took great pride in making our community cleaner, and improving our little part of the planet. Thank you to the District of Hudson's Hope for supplying bags & gloves, and also for picking up the filled bags. Great work everyone!

Jump Rope For Heart: Ms. Stephanie Hues has volunteered to organize this event for our school this year. Did you know that over the years, our school has raised \$59, 290.87 for the Heart & Stroke Foundation? That’s pretty impressive for any community, but particularly amazing for a community our size. Students will be getting their fundraising packages during the first week of May, and will be out and about campaigning for pledges. Our Jump Rope for Heart Event will take place on May 15th from 1:00-3:00.

Junior Provincial Rodeo Finals being hosted in Hudson’s Hope! This exciting event will be taking place Friday May 17th & 18th at the Hudson’s Hope Rodeo Grounds. As well, there will be a B.C. High School Rodeo on Sunday May 19th. We have many students in our school participating in these events, so come on out and show your support.

Hudson's Hope School "Sports Day" will take place on Friday, May 31st. Our P.A.C. members and other volunteers have worked very hard to organize this great day filled with friendly competition and just plain fun activities for the whole school. Take the day off and come and join us! If you'd like to help, give us a call at the school.

The B.C. Heritage Fair will be taking place at our school on Friday, May 10th. This is an excellent event that gives our students an opportunity to learn more about their own family history and important historical events. Our students also have the opportunity to share what they have learned with their peers and the community. Community members are welcome to come and enjoy the Fair! In past years, many of our students have qualified to participate in the Provincial Fair (Barkerville, Victoria, Langley). This year the Provincial Fair takes place in Victoria, B.C.

# District Subsidies

Did you know that you can receive subsidies from the District of Hudson's Hope when you purchase a new composter or new rain barrel? Below you will find more information on our policies.

## **RAIN BARRELS**

### **PURCHASE ASSISTANCE FOR RESIDENTS POLICY**

In addition to being environmentally friendly by conserving water, rain barrels reduce costs for the municipality because it lessens the amount of water needed to be supplied by the District to residents that is being used for watering plants, lawns, and gardens.

Rain barrels are available for purchase at a wide number of home and garden stores ranging in costs from approximately \$100.00 to \$300.00, depending on the quality, type and brand of barrel you choose.

To encourage residents to use rain barrels in the District of Hudson's Hope, the District will provide a subsidy of a maximum of \$50.00, but cannot be more than 50% of the value of the rain barrel, to each household. (i.e. If the rain barrel is \$60.00 a subsidy of \$30.00 will be given.)

Residents must purchase the rain barrel and present the receipt to the District of Hudson's Hope to receive the subsidy. The subsidy will be issued in the form of a cheque payable to the purchaser.

## **COMPOSTERS**

### **PURCHASE ASSISTANCE FOR RESIDENTS POLICY**

In addition to being environmentally friendly, composting reduces costs for the municipality because it lessens the amount of garbage going into the waste stream.

Composters are available for purchase at a wide number of recycling and home and garden stores, including purchasing from the Northern Environmental Action Team (NEAT) or through Chetwynd Recycling.

To encourage composting in the District of Hudson's Hope, the District will provide a subsidy of \$20.00, but cannot be more than 50% of the value of the composter, to each household.

Residents must purchase the composter and present the receipt to the District of Hudson's Hope to receive the subsidy. The subsidy will be issued in the form of a cheque payable to the purchaser.

The municipality limits its subsidy to a maximum of one per household.

The Site C Clean Energy Project is currently undergoing a cooperative environmental assessment by the Canadian Environmental Assessment Agency and the B.C. Environmental Assessment Office, which includes a Joint Review Panel process.

BC Hydro filed its Environmental Impact Statement (EIS) in January 2013 as part of this process. BC Hydro is continuing to conduct environmental and engineering field studies on and around the Peace River between the Williston Reservoir and the Alberta border to inform detailed mitigation planning, prepare project permits, and ensure information is gathered with respect to monitoring programs proposed in the EIS.

This notice provides a list of field work planned for May 2013. Helicopters may be required for some of the work listed below. Current and previous field study activities are available at [bchydro.com/sitec](http://bchydro.com/sitec) and in the Community Consultation offices in Fort St. John and in the Pearkes Centre in Hudson's Hope.

Regular and ongoing BC Hydro work may also be taking place on the Peace River and tributaries related to BC Hydro's Peace River water licence requirements or other operations work.

**Engineering Investigations:** Instrumentation Monitoring

**Wildlife Studies:** Bat Surveys, Amphibian Surveys, Waterfowl Surveys, Jackfish Lake Moose and Elk Monitoring Program

**Physical Environment Studies:** Climate and Air Quality Monitoring, Geomorphology and Sediment Transport Studies

# RCMP

On March 27<sup>th</sup>, police were notified of mischief to a well-head site on Beryl Prairie Road. There was no significant damage to the well head site.

On March 30<sup>th</sup>, the RCMP were called to the new Paquette Apartments after a report of a theft occurred. There was a large 20lb fire extinguisher that was removed from the wall harness and taken off site.

On April 1<sup>st</sup>, police were advised that the well head from March 27<sup>th</sup> had mischief caused to it again. Trail Camera's were put up and two individuals were caught causing this mischief. Since then the individuals have been identified and charges are being laid.

On April 3<sup>rd</sup>, police received a tip that certain people in town were feeding the deer. In a joint effort with By-law enforcement officer, they attended those people's residence and advised them the hazards of feeding wild animals, and to stop it.

On April 6<sup>th</sup>, police were called to a possible break and enter into a residence. Upon speaking to both parties there was a misunderstanding about power being turned off in the rental home.

On April 13<sup>th</sup>, while conducting traffic stop local police found a male speeding that was prohibited from driving under the Motor Vehicle Act. This driver has lost his license and his ability to drive for multiple months.

On April 16<sup>th</sup>, a concerned citizen advised police that there were numerous street signs that had gone missing around town in a person's garage. The RCMP confirmed where the signs were and conducted a search warrant to seize them. Charges are pending.

On April 18<sup>th</sup>, the RCMP received a report of a person shooting off fireworks in town. Police advised this person that the use of fireworks is okay within the by-laws but depending on the hour of use it would still be considered mischief or causing a disturbance.

On April 21<sup>st</sup>, a report of a break and enter was received by the RCMP. A home was broken into and various power tools were taken. If anyone has any knowledge of this incident then please call Crime Stoppers.

On April 22<sup>nd</sup>, the RCMP obtained a report that a cougar had been seen in town. RCMP advised Conservation Services and went looking for the cougar. After an exhaustive search the members were not able to locate any signs of the cougar staying in the Hudson's Hope area. That being said please be aware as Hudson's Hope sees a lot of wild animal traffic at all times of the year. If a wild animal is seen contact the RCMP and Conservation services so they can deal with the animal.

On April 23<sup>rd</sup>, police received a report of an abandoned vehicle that had sustained front end damage. Police were able to locate the registered owner and were able to ascertain that everyone was alright.

On April 24<sup>th</sup>, police were called to assist Fire and Rescue at structure fire. No persons or animals were injured in the fire.

## Hadland Kicks Off Campaign

FORT ST. JOHN – Independent Candidate Arthur Hadland officially kicked off his campaign for MLA in Peace River North at the Royal Canadian Legion. Supporters from around the Peace region showed up to back Hadland.

“People are tired of politicians bickering and pointing fingers,” said Hadland. “BC has the potential to be a economic powerhouse but we are held back by the political games of the South. The parties are more concerned about winning than getting BC’s finances in order.”

Hadland spoke about how being independent allows him to work constructively on behalf of families and businesses in the North Peace. The floor was then opened up for questions from the supporters present.

“We don’t need more promises and flashy ad campaigns. Our democracy depends on MLA’s freely working for the good of their constituents and the province,” said Hadland. “Politicians have become so controlled by their party that they can no longer do their job with integrity. We don’t allow bullying in the schoolyard. Why do we allow it in the halls of the Legislature?”

He outlined the three priorities in his campaign:

- ending the carbon tax and balancing the budget,
- managing our natural gas, water, and infrastructure for BC’s long-term prosperity, and empowering families, businesses, and communities in an open democracy.

In the last provincial election, Hadland surprised many with his ability to build a strong campaign team. He earned nearly one third of the votes (31.3%) and a strong second place. Despite being a relatively unknown candidate at the beginning of the election, voters were drawn to his integrity and years of leadership in the community.

“It has been an honour serving the community as a Director in the Peace River Regional District in the past four years,” said Hadland. “I am hopeful that my experience, principles, and dedication to a prosperous North will earn me the trust of voters in the coming weeks. My team is growing and support is coming in from across the political spectrum.”

Hadland has many years of experience in government, business, and agriculture. He was elected as a Director for the Peace River Regional District in 2008 and has successfully represented the priorities of its residents. He owns and manages a commercial grain and grass seed farm near Fort St. John as well as InterAg Consulting.
