**NEBC Resource Municipalities Coalition-Colin Griffith, Mayor Lori Ackerman, Mayor Rob Fraser 6750-01**
  - Trying to be one voice in the North, Build strong communities. Need quantitative data showing where growth is possible
  - Mission: Hold industries feet to the fire
  - Goals: unified voice, must have research in place:
    - To develop workforce for ongoing growth.
    - Attract professionals
    - Fair-share agreements -how money will be distributed
  - Fundamental Building Block
    - Government and Industry will not deal with Region without Agreement in place
    - Cooperation is fundamental

- Industrial tax-base determines wealth of municipality
  - 92% of time Forestry driven industries were incorporated into tax base
- The Grant was indexed - growth based on industry tax base growth.
- Fair Share Agreement was to take region into 2020.
- Was formed excluding Hudson's Hope and the Rural Directors.
- Stated that they were forced to the table due to the indexing being removed:
  - Negotiations were started, implementation of changes were put forward by the government
  - The coalition presented an analysis showing that tax-based growth was not going to be very high
  - Communities signed a 20-year agreement that was indexed at 2% growth
  - New changes have now left communities exposed, they must come up with infrastructure plans, business plans and budgets to present to government
  - Government has added a clause to reduce the Grant if economy decreases. Peace River Agreement will be under the same restrictions.
- The Government Grant is now an annual grant
- The cost of the Coalition is covered based on cost-sharing-divided by population of each municipality.
  - Fort St John has been covering Hudson's Hope cost allocation.
- Three municipalities remained in the Coalition which reduced the per capita fee:
  - Full District of Hudson's Hope annual membership is \$12,526.09
  - New 3-year membership to take effect in September
  - There will not be a penalty for those municipalities that wish to rejoin the Coalition, the per capita fee will be reduced
- Initially the Electoral areas were not included due to voting against the formula (Fair Share). They were given 10% of the pool in 2005:
  - Government has stated only allowed to give them 10% and no more due to Electoral Directors having access to Industrial tax base
  - The Municipalities were not prepared to advocate/propose any changes

6:52 Councillor Quibell arrived

- Difference between NEBC and PRRD:
  - PRRD does not have the function as a lobbyist
  - NEBC deals with service providers
  - PRRD is not a level of government-deals with 911, solid waste and emergency measures. Has no economic development function.
- NEBC is lobbying for a Saskatchewan model of taxation-pushing for changes to legislation.
