A sticker, provided by the District, must be put on the article to be removed. **ALL ITEMS MUST BE LOCATED AT THE CURB!** The District staff will not go onto private property.

For more information please contact the District Office at 250-783-9901.

Visitor Centre

The Visitor Centre opened on May 1st and by mid-month the visitors starting to roll in, especially folks from California and Europe. They didn't hear about our late spring and were none the less fascinated with what they found here. It was north to Yukon and Alaska for them.

This year we have a many celebratory birthdays and anniversaries. Of course we are all aware of Canada turning 150 years old and the celebrations have already begun. It is also the 75th Anniversary of the Alaska Highway (1942-2017). There are many events up and down the highway to acknowledge this; check out celebratealaskahighway.com for more information. You can also download the Souvenir Tour Guide made especially for this anniversary. The guide covers eight communities, including Hudson's Hope, and gives you an opportunity to collect stickers for the guide from each community's Visitor Centre. Stop by the Visitor Centre to pick up your guide. And one more birthday to celebrate -the town site of Mackenzie celebrating 50 years! Our congrats go out to them.

We carry some great publications for all of BC, Yukon, Alaska and our next door neighbour, Alberta. BC Backroads map books covering all of northern BC are available in spiral bound form. Published by the same outfit is a fold up waterproof map for Northeast BC. It has great detail and includes trails for hiking, horse back riding, ATV's and snowmobile's. Covering the whole province for highway travel is the Official BC Road Map.

Have you had a chance to see some of the merchandise with the Hudson's Hope logo on it that is displayed at the District Office? We are carrying the same product so next time you are enjoying Beattie Park please stop in and have a look.

Hot off the Press from the BC Musician magazine is the Ultimate Summer Festival Guide for 2017 covering the entire province. Pick up your copy at the Visitor Centre.

Watch for local and regional events posted on the Hudson's Hope Visitor Centre Facebook page.

Thank you so much to all of our librarians for always going above and beyond for our community. A mere sampling of the amazing things our librarians often volunteer their time and money to do

for our library include: making new bracing for our book shelves, working on program planning at home, sewing ILL mail bags, crocheting book worms to sell for donations at the library, coming in to work on projects in the library as a volunteer, always keeping the library in mind to bring the best ideas to implement here in the library and even purchasing program supplies and donating from home. There are so many more things done on a daily basis, and I really appreciate all of the effort that goes in to keeping our library an upbeat community hub for everyone to enjoy.

For more information about library services please come in and speak to us. You may check out our website at hudsonshope.bc.libraries.coop or contact us via telephone at (250)783-9414 or and don't forget to like us on Facebook to stay up to date!

 Fans are encouraged to wear kilts and tartans if they have them!

June at the Hudson's Hope Museum

**We would like to welcome our summer staff to the Museum
- Montana White and Christopher Fequet!**

Have you every wondered where the name of your street comes from? In Hudson's Hope the majority of the streets are named after the pioneers, men and women that came to the area and settled, farmed, trapped and traded. Over the next couple of months, we will be giving you a little history on the people that your streets are named after!

Next Up – Fredette Avenue

Fredette Avenue is named after Dr. Louise Gilbert Fredette. Fredette came to Hudson's Hope with the Jamieson party in March of 1912. Dr. Fredette was born in Quebec in 1869 and came west in 1907. He was trained as a veterinary surgeon and was married when he arrived in Hudson's Hope. He applied for title on his homestead in 1915 but was refused, so he headed back to Quebec for the winter, returning in 1917 with his wife. In 1917, with the help of some of the other early pioneers, he built his house and was granted the title to his land. Fredette appears to have spent a large amount of his time in Edmonton. When he was in Hudson's Hope his Medical skills were called upon often to help both animals and humans.

The museum is always looking for volunteers. If you have a keen interest in history or would just like to learn a little more about the valley we live in come out and volunteer – we have lots of scanning and accessioning of historical photos and artifacts to be done – training is provided.

The Next Historical Society meeting will be held on **June 15th, 2017** at **1pm** in the afternoon in St Peter's Church Hall. Everyone is welcome at historical meetings. If you would like any further information, please call the Museum at (250) 783-5735 or by email at hbmuseum@pris.ca.

TELUS Mobility
3-4535 Canada Way
Burnaby, BC V5G 1J9
Telephone: 604-453-2694
Email: Doug.Anastos@telus.com

Dear Neighbour:

At TELUS we understand how important it is for you to stay connected to your family, friends and business interests. So we are pleased to advise you that we are investing in some important upgrades to the TELUS wireless network in your community. This letter provides information on wireless "small cell" equipment that TELUS will be installing on existing poles in the area.

The use of wireless technology (smartphones, tablets, PCs) has increased substantially in your neighbourhood. To keep up with this demand and ensure reliable wireless services are there when you need them, we need to make some upgrades to the network. Upon completion, your neighbourhood will be on TELUS' LTE wireless network, one of the fastest in the world, with peak wireless data download speeds up to 225 megabits per second.

Given the largely residential character of your community, TELUS is using "small cells," some of the smallest wireless equipment available. Measuring 30 cm by 29 cm (approximately one square foot), these self-contained units include the antenna and electronics in an ultra-compact, low-powered package. The installations in your area will be similar to the installations shown in the photos on the following page.

We will do our best to minimize any disruption to you and your neighbours as we complete the upgrades. Each new small cell installation will take several short visits over a two week period.

We look forward to upgrading high-speed wireless service in your community. Please feel free to contact me directly should you have any questions.

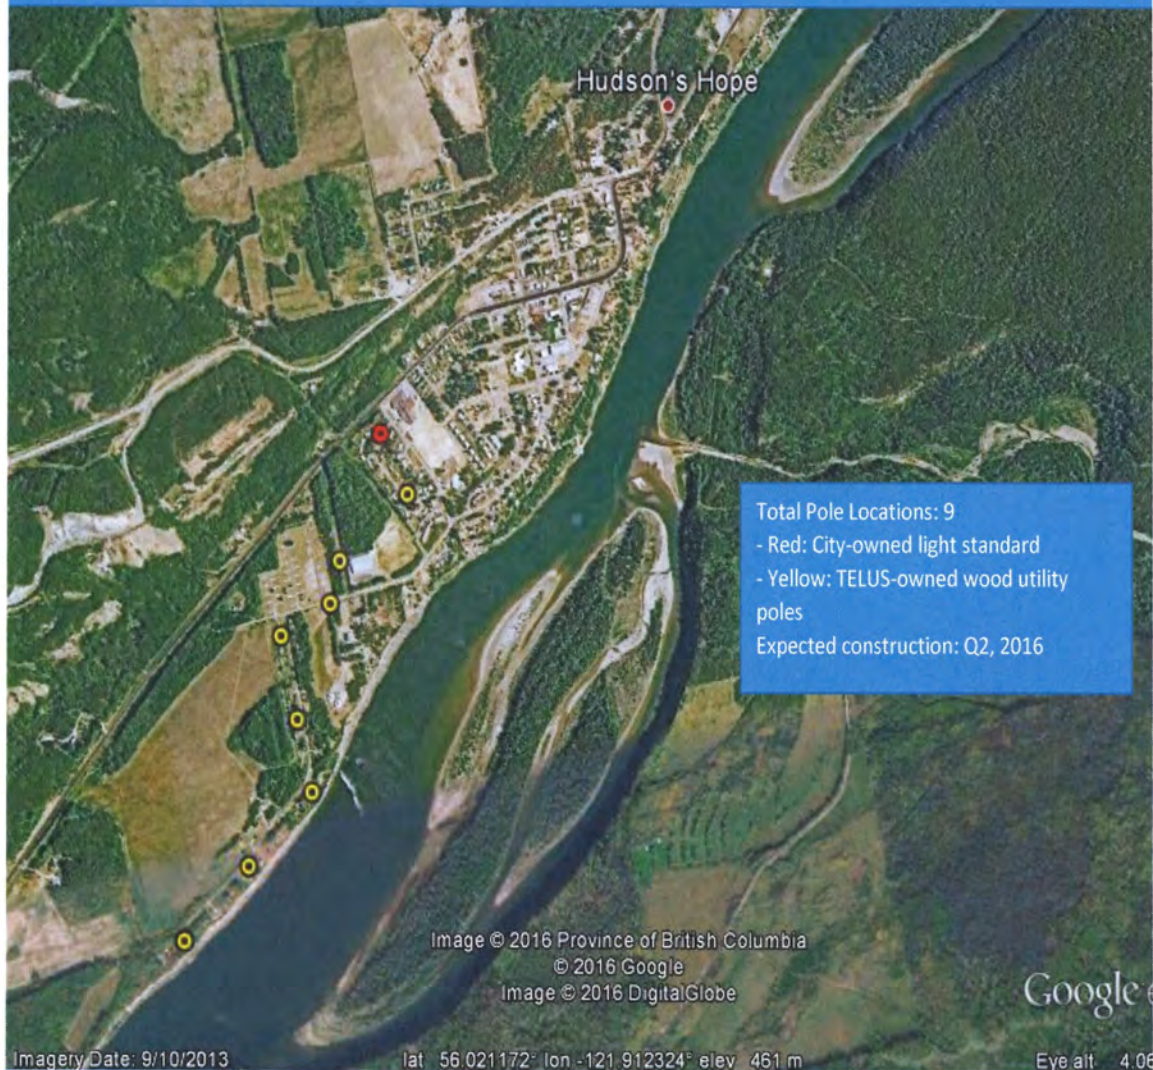

Sincerely,

A handwritten signature in grey ink, appearing to read 'Doug Anastos'.

FROM THE LIONS DEN

Hello everyone and welcome to the Lions Den. We have had a busy month in the community! We started off flipping burgers for Volunteer Appreciation Day. It was a beautiful day and a good time was had by all!

The next event was the Mother's Day Steak and Lobster Dinner and Social. It was a full house and all the Lions kept busy setting up, cooking and cleaning up. A

special thanks goes out to Ellie Haagsman and Cory Vernon for doing all of the dishes and kitchen clean-up!

We have some exciting news about our brand new shuttle bus! We have raised enough money and have finally purchased it! It is in town now and a group of Lions went for a test drive. The bus is very

roomy and comfortable and will be much easier to get in and out of. We will still use the old van for now until we can get the logos on the new one with the names of our wonderful sponsors who have made it all possible. Sometime early this summer it will be put into service, so watch for it on the road!

Check out our Facebook page @ hudsonshopelionsclub or email us at lionsclubbh@gmail.com. We are always looking for new members!

Submitted with pride,
Roary

"Cracks in the ozone layer will cause screwball weather." That was the headline in a May 7, 1990 *Grain News* article. It was about the work of Tim Harris, then a climatologist for Timing Financial Advisory Services.

At the time, it sounded like it came from left field somewhere, but the *Grain News* is a pretty serious industry paper, and it turned out that not only grain farmers followed Harris' weather forecasts, but so did commodity traders trying to predict prices months ahead. Still – it was a novel idea in 1990. Harris predicted "patterns of extremes" in weather: droughts longer and drier; rainstorms more severe and destructive; fierce winds; unusual frosts; seasons that seem to shift, and so on.

I cut the article out and stuck it to the inside of a cupboard door so I could see if this Tim Harris really knew what he was talking about. Well, now, after 27 years of seeing weather records being broken year after year after year, and after contending with 'floods, fires and pestilence,' as the saying goes, I think the verdict is in. We do seem to have screwball weather.

As a District, we have to prepare as best we can to be ready to deal with weather events more severe than what we've seen in the past. Any replacements of infrastructure will have to be built to a higher standard than what was there before.

Public Works Shop

The outside crew is gradually moving into the new Public Works Shop. The public is invited to an open house and official opening on June 7th from 3:00 to 6:00 pm.

New Lions Bus

Hudson's Hope has a new "community bus!" Last week, the brand new bus, funded jointly by the Club, the District, and various other sponsors, was delivered to the Lions Club from Edmonton. It's open and spacious with lots of windows, soft seats and a super ride. For many years, the "Lions Van" has been a huge community asset. All ages, from kids sports teams to monthly seniors' trips to Fort St. John use the bus. This latest version is a step up in comfort and convenience. Users will love it.

We are so lucky to have a service club to take on projects like this. Many thanks to Kelly Newsholme for spearheading it, to Mark Hodgkinson for continuing his maintenance duties, to the sponsors who contributed to the purchase fund, and to all the Lions who have contributed to the fundraising efforts to make it possible. Thank you Lions and Sponsors!

Update on Disposal Well Closure west of Airport

Canada Energy Partners Inc. has appealed the March 16th OGC Suspension Order which suspended operations at their disposal well west of the Hudson's Hope airport. All submissions related to the appeal must be submitted by June 19, after which the Oil & Gas Appeal Tribunal of BC will consider the evidence and render a decision.

Horticulture Study:

The North Peace Economic Development Commission has contracted EcoTactix from the

Fraser Valley to develop a business case for development of a horticulture industry in the North Peace. There are a number of younger producers starting small operations and they are keen to grow. They have found markets locally and there are prospects for expansion but some coordination would be required.

EcoTactix will soon be interviewing people with an interest in the industry. If you are interested in talking to them, please leave a message for me at the District office 250 783 9901. I will pass on your name and contact information.

Pleased to serve Hudson's Hope and the surrounding community!

Police Report: May 2017

Hudson's Hope RCMP responded to approximately 35 calls for service over the last four weeks. Traffic enforcement efforts continued throughout this period with several written warnings and violation tickets being issued to drivers. One vehicle was towed for not having insurance and one vehicle was impounded for 7 days due to the driver not having a valid license. Remember to insure and plate your boat trailers as well.

On April 21st, Hudson's Hope RCMP responded to Jamieson Subdivision for possible shots fired. The investigation revealed that the shots were actually fireworks being set off by two males who should have known their actions would cause concern for residents.

On May 3rd, a concerned citizen phoned the RCMP to report a forest fire near Farrell Creek. Several spot fires were observed along a ridge in the area. The investigation revealed that it was an intentional fire and under permit. No people, livestock or structures were at risk and the wet conditions were favorable for the fire to not get out of control.

On May 9th, Hudson's Hope RCMP responded to a local residence for a female laying in the yard. The female was found to be conscious when police arrived and was cleared by paramedics shortly after.

On May 21st, RCMP, Provincial Ambulance, and local Fire and Rescue responded to Geddes Bay beach for an injured male that had crashed his dirt bike. The male sustained serious injuries and had to be flown out by helicopter.

The Hudson's Hope RCMP would like to thank ICBC, Hudson's Hope School, The District of Hudson's Hope, BC Ambulance, and all the volunteers who made this year's Bike Safety rodeo a success. A big thank you to all the youth who participated this year. You were Awesome!

The RCMP will be conducting more frequent check stops in an effort to combat impaired driving and make our roads as safe as possible. More river and lake patrols will also occur over the next few months, focusing on safe boating for all. Boat operators are encouraged to familiarize themselves with all regulations pertaining to licensing and the safe operation of vessels.

Off Road Vehicle compliance will also be a focus for Hudson's Hope RCMP this summer and fall. Several ORV patrols were conducted over May long weekend. Many operators were found to not be wearing a required helmet.

No approved safety helmet: \$138.00

Allow minor to be passenger without safety helmet: \$138.00

ORV operators on public and Crown property need to be compliant with registration, licensing and insurance requirements. Visit icbc.com for complete details on the necessary requirements.

Anyone with information regarding current or past investigations, or any criminal activity, is asked to contact the Hudson's Hope RCMP directly at 250-783-5241, or anonymously through Crime Stoppers at 1-800-222-8477. Visit <http://crimestoppersnebc.ca/> for advice on submitting tips online and to browse the area's "most wanted" page.

DROWNING: IT CAN HAPPEN IN SECONDS

Drowning is a leading cause of preventable injury and death in children under 10 in Canada.

Sixty per cent of drownings occur in the four summer months from May to August, according to the Canadian Red Cross.

For parents and caregivers of children, part of the problem could be perceptual. In our popular imagination, drowning involves a protracted commotion: thrashing, gasping and cries for help. But when a drowning occurs in real life, it often happens swiftly and silently.

The difference between our ideas about drowning and the reality of it can give us a false sense of security.

Parents and caregivers can help to prevent drownings by taking a few basic precautions:

ACTIVELY SUPERVISE CHILDREN when they are in or around water. For children under five and weak swimmers, active supervision means staying close -- within arm's reach. The Canadian Lifesaving Society recommends a supervision ratio of at least one adult for every baby, and one adult for every two small children. With older children, including good swimmers, it is still important to watch closely. Do not rely on a "buddy system" to keep kids safe, or make older children responsible for younger ones.

For extra protection, especially if you are watching more than one child, have children under five and weak swimmers **WEAR LIFE JACKETS** when playing in and around water. While boating, always wear your own lifejacket and ensure children are outfitted with life-jackets that fit them properly.

LEARN FIRST AID AND CPR (cardiopulmonary resuscitation). It doesn't take long to get trained in these lifesaving skills. Many people have been saved from drowning by bystanders who knew how to properly administer First Aid and CPR.

Put your kids in **SWIMMING LESSONS**. Although formal swimming lessons can't "drown-proof" children, some studies show kids who receive swim training are less likely to drown. If your own swimming abilities could use some work, consider enrolling in adult learn-to-swim or swim improvement class. Some courses, like the Lifesaving Society's Swim to Survive program, focus on water survival skills.

FENCE IT: if you have a backyard pool (including above-ground pool or temporary pool that will not be emptied after each use), or if you have a spa or hot tub, the best practice is to fence it off completely on *all four sides*. The fence should be at least four-feet high, with no gaps larger than four-inches. Access should be restricted by a latching, self-closing gate. It may be useful to keep in mind that chain link fences may be easier for children to scale than a fence made of vertical metal bars. Regardless of the fence style, four sided "isolation" fencing is more effective than three-sided "perimeter" fencing where the house is used as the fourth side.

Regional Heritage Fair: Our school once again hosted this event, and our students presented amazingly well. It is so impressive to watch how skillfully our students perform while sharing their knowledge about their projects. Cadyn Moraice Budalich, Lucas Beam, and Nero Weder will be heading to the provincial fair this July in Victoria. The following students won "Stellar Achievement Awards" & \$20.00 gift certificates to the Hudson's Hope Museum:

Brooklyn Richardson, Lucia Pelly, Kadance Romanchych, Tarron Stacey, Charlie Kehl, Quinn Rice. Leneya Vig earned the BC Hydro Power Pioneer Award.

Also Tarron Stacey touched on some celebrity status, as his project on Jim Shockey was shared and commented on by Jim Shockey himself. Also, Jim's cousin, "Guy" contacted Tarron and told him "call me when you're older, we need guides like you". Who would have thought that a school project would result in meeting a celebrity you look up to, and potentially lead to a future career? Way to go Tarron!

The Heritage Fair requires a lot of volunteer and community support. Thank you to the following for organizing, judging, and/or set up/clean-up: Stacey Reschke, Lorna Winnicky, Jacqueline Burkitt, Gran Lonsberry, Wally Harwood, Monicha Stark, Tashana Winnicky, Amanda Goettemoeller, Dave Kylo, Lori Watten, Karen McKeanm & Candace Dow.

Earth Day Cleanup: Once again our students and staff did a fantastic job cleaning up our community and celebrating Earth Day. It was pretty cool to see everyone out having fun, even with the rain pouring down! Also just a quick note for community members; the town was already the cleanest it has ever been before we started our clean-up this year! Thank you to the District of Hudson's Hope and the Fire Hall for supporting our efforts!

Bike Rodeo: A big thank you to our local RCMP as well as Michelle McKenna, Dwylla Moraice Budalich, and Linda Luchinski for providing a fun and informative morning surrounding bike safety and skills to our elementary students! Everyone had a very enjoyable time. Also congratulations to Luna Weder, Mike Gortman, and Brooklyn Richardson for winning the bike safety coloring contest!

Jump Rope for Heart: On May 18th all of our students took part in some fun activities to increase our heart rates and celebrate good health. Also, our students raised \$2800 to support the Heart & Stroke Foundation! Way to go HAWKS. A big thank you to Mrs. Kehl for organizing this event for our students.

Our Biology 11 class recently completed an amazing field trip to the Bamfield Marine Science Center. This trip was by far the best educational opportunity I have been involved with as an educator, and I was extremely impressed with the work ethic our students portrayed. Over a four day period we had a very condensed schedule; which was a lot of fun, but quite exhausting. On behalf of our students and staff, I would like to once again thank BC Hydro, our Hudson's Hope Fire Department, and our Lions Club for helping to make this field trip a success.

School District 60 wants you to know...You are your child's first and best teacher. You can help your child grow strong roots for learning both in and out of school.

Tip - Feelings

- talk about feelings and what might cause them
- Use descriptive vocabulary like happy, sad, angry, disappointed, excited, surprised and frustrated
- encourage your child to talk about himself
- pause while reading a book and ask how a character might be feeling
- model how to handle emotions positively yourself

Why? Since birth, your child will be developing many emotions. Even before children learn and understand language, they feel emotions. Understanding emotions will help your child develop qualities like caring, self-esteem, and flexibility which will help them to better understand others' feelings. SPECIAL EVENTS REVIEW

On Saturday April 29th Beattie park came alive to celebrate the residents of Hudson's Hope who continuously give their time as volunteers. The Volunteer Appreciation

BBQ saw over 200 people throughout the day. The smiling faces of the Hudson's Hope Lions Club served hot dogs and burgers and Roary the mascot made an appearance as well! We couldn't have asked for a more beautiful spring day to end National Volunteer Week in Canada.

People enjoyed the live entertainment by "The Soul Sisters" and "The Usual Suspects." The presentation of the volunteer and youth volunteer of the year took place on this day. A big congratulations to the very deserving recipients Bill Lindsay and Celina Fequet. As a special thank-you, both recipients have been offered free haircuts for a year generously donated by the Northern Hi-Lites Salon.

A huge thank-you goes out to the Lions Club who have been serving in our community for 50 years. Thank-you Travous Quibell for the use of the sound equipment and to the District Public Works crew, Cindy Edgar and Kathy Burseth for assisting with the setup at the Park. Lastly the District of

Hudson's Hope would like to extend a big thank-you to all the volunteers, groups and organizations who continue to give generously in our community. Your time and dedication is truly appreciated.

HH Playschool Summer Camps

Are you looking for somewhere for your kids to spend some of their summer days this year?

The HH Playschool offers Summer Camps during the month of July!

This is a great way for the kids to spend their summer, engaging in interesting and interactive learning opportunities in a very social and fun environment. Summer camps for children ranging in age from 3-9 years old will be happening again this year.

Ages are split up as follows: 3-5 years and 6-9 years.
Camps are scheduled for the following weeks:

Christmas in July!

Christmas in July is all about celebrating Santa and snow and all things winter at a time when it seems impossible to stay cool. We will craft decorations for the tree, bake and decorate cookies, read classic books and head to the toboggan hill!

July 3rd to 7th 8:30 am to 12:00 pm for Ages 3-5
July 3rd to 7th 1:00 pm to 4:30 pm for Ages 6-9

Creepy Crawlers

Come uncover all things that creep and crawl in the woodland around us. Explore the undergrowth to see how many bugs and animals hide and live under your feet.

July 10th to 14th 8:30 am to 12:00 pm for Ages 3-5
July 10th to 14th 1:00 pm to 4:30 pm for Ages 6-9

Minute to Win It

It is time to ramp up the excitement with games that are just plain hilarious! From Cookie Face to Separation Anxiety, Breakfast Scramble and Dizzy Mummy the kids will spend a day testing random skills while laughing the whole time!

July 17th to 21st 8:30 am to 12:00 pm for Ages 3-5
July 17th to 21st 1:00 pm to 4:30 pm for Ages 6-9

Registration will open on June 1st. Each camp costs \$70/child per week.
