Some patrons have expressed interest in learning more intermediate skills for Microsoft Excel and Word. If we get enough interest, we can look in to running another course for the general public in the summer or fall. Please let a librarian know if you would like to be placed on the list of interested patrons.

We would like to extend a huge thank you to Teresa Summer for sharing pictures, information and personal stories about her recent trip to Peru

with the Canada World Youth organization. Teresa travelled to Peru to volunteer and contribute to community-driven development projects which focus on health, the environment and gender equality. Thank you also to community members who provided a huge turnout for this event and had many questions to ask of Teresa.

We would like to also thank Beth, Tom and Bill Summer as well as Bill Lindsay for helping Toby to set up for and clean up after the presentation. We really appreciate your help.

Thank you to Kelly Miller and the Hudson's Hope Health Centre for the donation of paper to be used in our Children's Programs. Thank you also to Stephanie Hues for donating card stock paper to the craft programs here at the library. Much appreciated!

Storytime on Tuesday, March 3rd is cancelled and due to early dismissal at the HH School on Wednesday, March 18th, Library Club will run an hour earlier from 2:30 – 3:30 p.m. Spring Break will also soon be upon us, which means a break from Children's Programs at the Library. There will be no Storytime on March 24th and 31st and no Library Club on March 25th and April 1st.

The Hudson's Hope Public Library Association will be hosting a St. Patrick's Dance on Saturday March 14th from 9 pm – 2 am...come on out and help to support library programs, presentations and future facility upgrades.

BC Hydro is resuming a two-year project to rebuild and upgrade the Williston Reservoir boat ramp at Dunlevy, near Hudson's Hope. The upland work took place last year and the construction scheduled in 2015 will see the replacement of the ramp itself. To maintain site safety during the project, the work will require the complete closure of the boat ramp during construction. This year's construction closure is scheduled for approximately 17 weeks from Sunday, February 15 to Monday, June 15, 2015.

Once the ice is off the reservoir, the Elizabeth Creek boat ramp will be open as an alternate location during the Dunlevy closure. Elizabeth Creek is located about 800 metres past the west abutment of the WAC Bennett Dam and may be accessed by driving across the dam.

When complete, the Dunlevy facility will feature an improved boat ramp extending to a lower elevation to accommodate a wider range of water levels.

For more information, please contact BC Hydro at 250 561 4858, or bchydro.com/contact.

School District 60 wants you to know...
 You are your child's first teacher. You can help your child grow strong roots for learning both in and out of school.

Go Outside & Play!

Let the children PLAY
 climb in bubbles climb trees
 dig in the dirt go on a
 bug hunt make mud pies
 roll down a hill build
 a cubby make a busy chain
 create a garden for fossils
 playing outside
 makes children
 smarter
 healthier
 happier

- go outside in all seasons
- encourage a variety of physical activity
- explore & investigate nature
- provide structured & unstructured play time
- talk about what is seen/heard/smelt/felt

Why? Quite simply, outdoor time is good for children. They engage more in active play when they are outside. Outdoor time provides exercise; enhances imaginative & creative play; promotes problem solving & leadership skills; reduces anxiety; improves mood, concentration & focus; develops stronger immune systems; and helps children interact with & understand the natural world around them.

Protective Services

Spring Cleaning

In the House

Test your smoke and carbon monoxide detectors, change batteries immediately if needed.

Check your fire extinguishers.

Check for overloaded or damaged extension cords, replace where needed

Ensure you have an emergency preparedness kit in case of incidents such as power outages and flooding.

Practice your families fire escape plan so everyone knows what to do in case of an emergency

Windows should be checked to ensure they open and close properly, in case they are needed as an exit

Properly store household chemicals and never mix cleaning agents

Recycle: Get rid of old newspapers, magazines and junk mail. These items tend to pile up and can greatly contribute to the severity and spread of fire.

Check and clean filters above stove.

Pull refrigerator out and vacuum or dust the coils.

Always keep stairs and landings clear for safe evacuation in event of an emergency.

Around the house

Make sure your address numbers are up and visible from the street.

Check outdoor electrical outlets and other electrical appliances for animal nests and to ensure proper wiring.

Keep 100' of garden hose with an attached nozzle connected and ready for use.

Remove leaves and trash from carports and garages: Combustible materials are dangerous if they are exposed to heated automobile components, especially under the vehicle.

Clean up and properly store paints and yard chemicals.

Check fuels containers for leaks and make sure they are properly stored.

Let power equipment sit for approximately 30 minutes before placing it inside to be sure there is no possibility of fire.

District of Hudson Council

Well, we made it again: got past the shortest day of the year in good shape and now we're on a downhill run, closing in on the first day of Spring! That little preview of spring that we had in February did confuse things a bit. Some bulbs got a little over-enthusiastic and poked green shoots above the ground. Now they've run into winter again. Whoops!

New Public Works Foreman:

We're pleased to announce the appointment of Layton Bressers to the position of Foreman of Public Works. Layton has been with the District since 2007 and prior to that, held positions in large OSB and pulp mill plants. The combination of previous experience and first-hand knowledge of the day-to-day workings of the District give him a unique set of skills and a perspective which we believe will allow a seamless transition to his new position. Welcome, Layton.

"Adventure Zone:"

If you have youngsters, and haven't yet attended "Adventure Zone" at the Pearkes Center, do check it out. It's an Indoor Playground with activities from the very young through to teens. Hours are presently Saturday, 3-7 pm; Sunday, 1-5 pm, with a possibility of more, depending on interest. Cost is \$5.00 per person of \$15 per family. Volunteers get free passes.

Meeting with Minister Oakes:

I met last week with Coralee Oakes, Minister of Community, Sport & Cultural

Development. It was fruitful in that we got information about some grant opportunities that we were previously unaware of, and an offer from provincial staff to "vet" the applications and provide feedback before submission. We also discussed Fair Share, an arrangement by which the province provides funds to the Northeast Region in recognition of the fact that municipalities are unable to collect industrial taxes outside their boundaries. That agreement will be renegotiated soon so the information will prove useful.

Medical Services Update:

Ambulance Training: The "Driver Only" course offered in Hudson's Hope was very successful and 5 new drivers are now hired for Hudson's Hope. From March 2 to March 20, a full Emergency Medical Responder (EMR) course will be held in the basement of the District office. BC Ambulance anticipates nine participants, five of them being the Hudson's Hope graduates of the recent "Driver Only" course. So we anticipate that by the end of March, Hudson's Hope will have five additional paramedics to call on. We are pretty pleased about that!

Also, if there are more people interested in becoming paramedics, BC Ambulance would be willing to put on another course in Hudson's Hope in the fall. Contact Rick Loucks, 250-219-1354.

A big thanks to BC Ambulance for the extra effort they have put into increasing the number of paramedics in our community.

Hudson's Hope il News

Paramedicine Program: This is the service delivery model where ambulance service would be combined with other health-related services to create full-time positions so small communities would have full-time people providing emergency coverage. That would be a big step forward for Hudson's Hope and we've put our name forward to be a pilot project. Funding is in place so we've been anxious to see some progress. Northern Health CEO, Cathy Ulrich, reports that a committee is working on it. Progress is being made, although slowly. There are some legislative and organizational barriers in BC that don't exist in other provinces. However, they plan two phases of introductory pilots and Hudson's Hope remains on the list for consideration.

Water:

Provincial Fee Structure:

The Provincial government passed a new Water Act last year. Many of you wanted to know about the new fees. The new schedule of application fees and rental rates was published at the beginning of February. The rental rates for municipalities will increase in 2016. One example given is that a municipality of 1000 people was paying \$350 for 318,000 cubic meters but in 2016 will pay \$716 for the same amount.

Good news for homeowners with domestic wells is that they will be exempt from licensing and fees. Applications for domestic water use, though, goes from

\$100/150 to \$250. Fees for irrigation and industrial use will increase. For more detail, the website below has links to the fees for various water uses.

<http://engage.gov.bc.ca/watersustainabilityact/>

Lynx Creek Water:

GW Solutions has arranged for Lynx/Brenot Creek water samples to be sent to Duke University to try to determine if the water originated in deep underground aquifers where heavy metals are normally present.

Blue Fuel:

I attended the Open House sponsored by Blue Fuel, the company proposing to build a plant in Chetwynd designed to produce gasoline from natural gas and water. Stage 2 would be production of methanol. There is not yet a final investment decision, but the company has purchased land on the railway, which would be used to transport the fuel to market. If the plant is built, the goal would be to produce about 20% of the gasoline consumed in BC.

DISTRICT OF HUDSON'S HOPE

Police Report: February 2015

Over the month of February, Hudson's Hope RCMP detachment responded to 22 calls for service.

The past month has been relatively uneventful for significant events.

Hudson's Hope RCMP, Fire Rescue and BC Ambulance responded to a motor vehicle collision located on the Farrell Creek Bridge, Highway 29. A commercial vehicle pup trailer had locked up and slid into the path of an oncoming pickup truck. The pup trailer side swiped the side of the pickup truck. Both vehicles moved safely away from the location and waited for emergency services to arrive. There were only minor injuries from the collision. Based on information gathered, the driver of the commercial vehicle was served a violation ticket for driving too fast for the conditions.

RCMP received a report of a female breaching a no contact condition. Police investigated and this led to a female being arrested for a breach of her release conditions stemming from a domestic assault earlier this year. The female also had an outstanding warrant for her arrest that was related to the same domestic assault. The female is to attend court in March, 2015 for all of the combined charges.

The DARE program has started up for Grades 5/6 in the Hudson's Hope School and will run over the next couple of months.

RCMP and BC Ambulance have been participating in an intramural sports program once a week with the elementary school students. Dodge ball has been the sport of choice by the students.

Hudson's Hope members have been conducting impaired driving road checks during this month along with speed and seatbelt compliance enforcement.

Slow Down and Move over Law

If you are approaching a stopped emergency vehicle with its lights flashing, you must slow down to:

- 70 km/hr if you are driving on a highway where the speed limit is 80km/hr or higher
- 40 km/hr where the speed is below 80km/hr.

These speed limits apply to you if you are travelling in either direction.
(does not apply to vehicles travelling in the opposite direction if the highway is divided or has more than one lane in each direction)

If you are driving in the same lane or the lane next to where the emergency vehicle is stopped with its lights flashing, and there is another lane going in your direction, and it is safe to change lanes, then you must move into that lane when driving past the parked emergency vehicle. Slow down and move over.

Emergency vehicles include: police, firefighters, ambulance paramedics, tow truck drivers, commercial vehicle safety and enforcement personnel, passenger transportation inspectors, conservation officers, park rangers and special provincial constables employed by the Ministry of Forests and Range.

Home of the HAWKS: Helpful, Appreciative, Willing, Kind and Supportive

Senior Basketball: Our home Basketball Tournament was a successful and fun event. It was very cool to be able to use our new bleachers, and to have so many people in the stands supporting our team. Congratulations to our HAWKS for putting together an excellent tournament and for competing so well against tough competition. A big thank you to all of our volunteers: The Gamboa family, Sandi Douglas, Heather Martin, Bill Lindsay, Terra Marini, and many others! Our team recently returned from the "Zones" tournament in Tumbler Ridge. They competed well and displayed excellent sportsmanship. A big thank you to Caroline Beam for volunteering so many hours to coach!

B.C. Lions-Pride Visit: Three members of the B.C. Lions, including linebacker **Solomon Elimimian** (Most outstanding player award 2014 & Most outstanding defensive player award 2014) presented to our grade 7-12 students on February 17th. These athletes ran some fun activities, and shared some excellent messages surrounding goal setting and positive choices.

Thank you to our local RCMP and emergency services personnel that have been volunteering to run intramural games for our elementary students during lunch hours. Our students are really enjoying the opportunity to play games in the gym!

School Science Fair: Our elementary students are already working hard to prepare projects for our Science Fair on **Friday, March 6th**. Parents and local citizens are welcome to view student projects in the gymnasium. A schedule for viewing times will be posted on our school website: www.hudson.prn.bc.ca

Thank you to our local Lions Club for putting on a Valentine's Dance-Fundraiser to help raise funds for our climbing-wall project. Also, thank you Travous Quibell for volunteering to DJ the dance! We greatly appreciate the time and effort all of our local volunteers have contributed.

Thank you to W6 for your generous donation of supplies for our basketball tournament canteen!

Hudson's Hope 2015 Winter Carnival Review

It's unbelievable to see that the numbers keep climbing for the Hudson's Hope Winter Carnival. This year there were 2018 participants over the course of the eight days who enjoyed 22 different activities. There were so many positive comments about this event, so much community support, and really so much fun and laughter that it does really kick the winter blues away. You're truly amazing Hudson's Hope.

Congratulations to the Junior Rangers for winning the ice carving contest. Their trophy has now travelled to Victoria where it will be on permanent display at headquarters.

Congratulations to the first place winner of the District Facebook photo contest winners: Amanda Goettemoeller.

A special thank you to all the volunteers who keep on giving and giving. This year's combined 137 hours is also a record. Thank you for taking your time to make this event happen: James MacDonald, Bob Fequet, Christopher Fequet, Becky Mercereau, Iris Barnes, James Whiten, Celina Fequet, Kristy Bruce, Pat Markin, Bill Lindsay, Jason Naisby, Burton Middleton, Allan Graham, Darryl Johnson, George Chatten, , Marilyn Lippert, Grant Bernier, Suzy Bach, Jake Martin, Cindy Edgar, Al Edgar, Steve Twa, Bob Waite, Debbie Beattie, Jaylen Moraice Budalich, Henry Kehl, Billy Naisby, Kaden Bernier, Mike Mant, Ian Smith, Leah Mant, Tanner Grabowski, Peter Jugovic, Ray and Ricky. A tremendous thank you to Liza Rhymer, the amazing auctioneer. Please accept my thanks if I may have missed you.

An incredible total of 20 clubs and organizations assisted with this event. A thanks to all the community clubs and organizations who participated and assisted with a grand total of 153 hours: District of Hudson's Hope Public Works, Bullhead Mountain Curling Club, Hudson's Hope Minor Hockey, Hudson's Hope Figure Skating Club, Northern Rockies Karate Do, Shannon Mason's School of Dance, Junior Canadian Rangers, Ski Hill Association, Hudson's Hope Public Library, Cameron Lake Outdoor Education Center, Hudson's Hope School, Hudson's Hope and Beryl Prairie Fire Halls, Recreation Society of Hudson's Hope, New Horizons, North Peace Savings and Credit Union, Northern BC High School Rodeo Association, and Hudson's Hope Museum. Without your help, this community event would not work.

On top of all this, there were again 61 businesses that supported the 2015 Winter Carnival in numerous ways. Thanks to the generosity of all local businesses that offered special deals, donated items and participated in the Carnival bucks program: Hudson's Hope Fas Gas, Sportsman's Inn, On the Rim, Tanglefoot Bar&Grill, Northern Hi-Lites, Timbuktu, Sugarplums, Legacy Village Market, Pro Hardware, Marg's Mini Mart, Pharmasave, Enchanting Esthetics, Hudson's Hope Arena Concession, Hudson's Hope Museum, Kristi Kares, Beltane Day Spa, Hudson's Hope Library, Hudson's Hope Thrift Store, Bella Vita & Friends, Visual Poetry Photography, and Freddy's Restaurant.

Thanks to the many sponsors and donors who made this an incredible success. Without your kind support this event would not have happened: TransCanada, Canbriam, Progress Energy, R&G Industries, BC Hydro, North Peace Savings & Credit Union, Spectra Energy, Urban Systems, Hope For Health, Peace Area Contracting, BC Hydro Lifestyles, Butler Ridge Energy, Hudson's Hope Lions Club, Lofty Ventures Ltd., PAL, Knox-Pro, W-6 Contracting, Sigma Inn & Suites, Gunderson Cosmetics, Peace View Enterprises, Beattie's RV Park, Stillwater Inn & Suites, Federal Ranch Enterprises, Walker's Greenhouse, Country Flavours, TreadPRO Burnin' Rubber, Hudson's Hope School, Powder King Ski Resort, Ernie's Source for Sports, Computer Solutions, Northern Knitting Design, P&L Ventures, Class Act Fitness, Omar Kirkeeng Excavating, New Horizons, BC Liquor Stores, Hudson's Hope Arena, Hudson's Hope Honey, Crayon Box, Nicole Gilliss ReMax Action Realty, Reflections, Hudson's Hope Minor Hockey, The Pearkes Center, Lynx Creek Campground, and Forrester Speciality Services.

And last but certainly not least, a huge thank you to the District of Hudson's Hope for supporting this event. Thanks to Public Works for always being there and so willing to help. Thanks to the staff for all your tips, advice, editing, and laughter.

Hudson's Hope Ski Assoc.

The Hudson's Hope Ski Club had a successful month in February with our lift operating well. Our snow conditions were good, even with the unpredictable weather and our volunteers were dependable as always. Good work everyone and especially Jayden Richardson the designer of our logo depicted above.

We had an especially good day with the HH winter carnival. Hope everyone had a great day. Thank you parents and HH staff for all the help and supervision, making that day such a success.

We are continually trying to improve the hill infrastructure and recently we installed a cell phone booster in the lodge so we now have cell service from that location. When I am on the hill I will leave my phone by the booster so people can phone in if they wish. My # is 250-783-0810. I will see if others will post theirs on our Facebook page.

We also purchased a newer machine for grooming. We never had our own machine for that job and depended on a machine lent to us by Mark Hodgkinson. Many thanks Mark and we will return your Alpine after minor repairs are complete.

And to all you pet lovers, we have had some complaints about dogs on the hill and in the lodge. If you bring your pet for a cross country ski or snowshoe track please keep it on a leash when at the lodge or on the hill. We've also had discussion about sleighs on the ski hill and it was decided that sleighs on the ski slope are too dangerous as there is no real control so please keep all sleighs on the designated areas.

May we invite everyone to come and enjoy this beautiful spot on the mountainside.

MONTHLY FIELD STUDIES SUMMARY

March 2015

BC Hydro is continuing to conduct environmental and engineering field studies on and around the Peace River between the Williston Reservoir and the Alberta border to inform detailed mitigation and monitoring planning. In December 2014, the Site C project received approval from the provincial government to proceed to construction. Construction of the project is planned to start in summer 2015.

This notice provides a list of field work planned for March 2015. Helicopters may be required for some of the work listed below. BC Hydro will obtain permits, and complete environmental management plans and archeological assessments as required.

Current and previous field study activities are available at www.sitecproject.com/news-and-information/field-study-notice and in the Community Consultation offices in Fort St. John and in the Pearkes Centre in Hudson's Hope.

Regular and ongoing BC Hydro work may also be taking place on the Peace River and tributaries related to BC Hydro's Peace River water licence requirements or other operations work.

Environment Studies: Avian Study Program, Forestry Ice Surveys, Forestry Site Inspections, Jackfish Lake Moose and Elk Monitoring Program, Climate and Air Quality Monitoring, Fish and Fish Habitat Site Inspections, Peace River Turbidity and Suspended Sediment Monitoring

Engineering Investigations: Instrumentation Monitoring, Distribution Line Site Inspections, Geotechnical Investigations and Soil Resistivity Testing Along Transmission Right of Way, Dam Site Investigations
