Library Programs Survey – Thank you to all of you who filled out our surveys during the Winter Carnival and the two weeks afterward. The data will be compiled shortly. Thanks to our last survey results, we have brought in new genres of books, increased the number of children's audiobooks that are being purchased, added a coffee station, offer a seniors computer course series, and focused on updating the non-fiction book collections! We also increased our library hours so that we are now open Thursday mornings and an hour later on Fridays. We will soon be looking in to more adult programming options including a Young Adult librarian position who will be able to offer programming and presentations for tweens, teens and adults! I will be posting more information regarding this new library position in the near future.

Children's Programs will be taking a short break for the School closures for Spring Break. There will be no Library Club on March 16th, 23rd and 30th and no Storytime on March 22nd and 29th. Both programs begin again the first week of April at their regular times.

School District 60 wants you to know...
You are your child's first teacher. You can help your child grow strong roots for learning both in and out of school.

Go Outside & Play!

- **go** outside in all seasons
- **encourage** a variety of physical activity
- **explore** & investigate nature
- **provide** structured & unstructured play time
- **talk** about what is seen/heard/smelt/tast

Why? Quite simply, outdoor time is good for children. They engage more in active play when they are outside. Outdoor time provides exercise; enhances imaginative & creative play; promotes problem solving & leadership skills; reduces anxiety; improves mood, concentration & focus; develops stronger immune systems; and helps children interact with & understand the natural world around them. Grant for Solar Generation:

Hudson's Hope is fortunate to have received a grant of \$1.35 Million from the federal gas tax fund to install a series of solar panels on or adjacent to District buildings. We expect the project to benefit us by reducing total carbon emissions and electricity costs.

Communities are required to calculate and reduce carbon emissions with the goal of reaching carbon neutrality. We can use the solar generation to offset our carbon emissions from vehicles or heating.

Electricity is a growing expense for the District and we can reduce the our costs now and in the future by generating some of our own.

In 2000, the District electricity bill was \$68,000.

In 2008, it had grown to \$90,000.

Last year it was \$164,600.

The province announced annual increases from 2014 until 2018 that total a 28% increase when compounded. They also announced another 5 years of annual increases starting in 2019. The amount was not announced but it is expected to be 2.6% per year. That puts us to 2024, when Site C is expected to come on-stream. Rate-payers begin to pay the \$8.8 billion cost of Site C when it comes on-line so we can expect a further jump in electricity rates in 2024.

Given all that, reducing electricity costs is one of the most effective cost-savings measures we have. We are very pleased to have received this major grant to help us achieve it.

Locum Doctor April - July

We are very pleased that Northern Health has arranged for Doctor Ramish Kamath to provide services in Hudson's Hope for the months of April through to the end of July.

Peace Moberly Tract Agreement between the Province of BC and the Saluteau First Nation

Meeting:

Date: Thursday, March 3

Time: 7 pm

Place: Basement, District of Hudson's Hope

Speaker: Chris Addison, Director of Resource Management, Northeast BC, Ministry of Forests, Lands and Natural Resource Operations (FLNRO)

Last year, the province negotiated a "special management" agreement with the Saulteau First Nation regarding an area of land between the Peace River and the Moberly River, known as the Peace Moberly Tract (PMT). The Peace Moberly Tract includes land which is within the District of Hudson's Hope on the south side of the Peace River. Several local people use the area for hunting, trapping and other activities.

On January 25th, two representatives from FLNRO met with people in Hudson's Hope to discuss the implications of the agreement for our community. Those representatives didn't have the information that people here were asking for. So another meeting has been organized to talk about the impact on traplines, hunting, and general recreational use. The meeting on Thursday, March 7 is the meeting that was promised. So please come with your questions and comments.

Police Report: February 2016

Hudson's Hope RCMP Detachment responded to approximately 25 calls for service over the last few weeks. Some incidents of note during that time are as follows:

On January 21st, 2016, Hudson's Hope RCMP received complaints of footprints in the snow on several properties throughout town. One vehicle was entered and a small amount of money was taken from inside.

On January 23rd, 2016, Hudson's Hope RCMP was called out for a suicidal person that had ran off into the forest. RCMP Police Dog Service, local Fire Department, and Provincial Ambulance were called in to assist and the person was located after a lengthy search. The suicidal person was taken to hospital in Fort St. John for a mental health assessment.

On January 28th, 2016, Hudson's Hope RCMP was called out for a suicidal person heading to the river. Local Fire and Rescue, BC Ambulance and RCMP Police Dog Service were called in to assist local police. The suicidal person was located and apprehended under the Mental Health Act. The suicidal person was transported to hospital and was admitted for a mental health assessment.

On January 29th, 2016, Police were advised of illegal hunting on Twelve Mile Road. BC Conservation office was called for assistance and the file is still under investigation.

On January 29th, 2016, Hudson's Hope RCMP stopped a vehicle and found the driver to be prohibited from driving in Canada. The driver was also issued a 90 day immediate road side driving prohibition for impaired driving. The vehicle was impounded for 30 days and several violation tickets were issued to the driver.

The Hudson's Hope RCMP wishes to remind citizens to protect their belongings. Take steps to secure or remove valuable items from unattended vehicles and to secure windows and doors while away from home. Theft is a crime of opportunity and takes only a few minutes or seconds if items are in plain sight and unsecured.

The Hudson's Hope RCMP requests anyone having information regarding current or past investigations, or any criminal activity, to contact the RCMP directly, or anonymously through Crime Stoppers at 1-800-222-8477.

Bullying and the Law

Bullying can be a traumatic experience, and some forms of bullying can even be considered illegal. These include:

- Threats of death or serious bodily harm - whether done face to face, online, over the phone or through text messaging.
- Criminal Harassment - repeated tormenting online, with texts, phone calls and/or emails causing the other person to fear for their safety.
- Distribution of intimate images without consent – Sharing nude or sexual pictures of another person without their consent.
- Assaults - including pushing, tripping, slapping, hitting or spitting.

For all of these criminal offences, it is important to notify your local police detachment or report it to CYBERTIP.CA. Based on the available information, police will decide if an investigation is warranted and whether charges may be laid.

Our Junior Firefighters have been learning a great deal while participating in the work experience program with our local fire department. Recently they had the opportunity to learn how to put out vehicle fires. This program provides excellent team-building, safety, and initiative development for our students. A big thank you to both of our fire-halls for supporting this program for so many years.

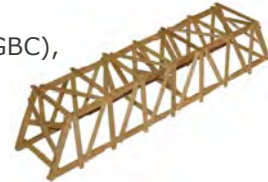

Our Biology 12 Class finished their semester by sharing their expertise with our primary students. The senior students provided hands on demonstrations and answered questions surrounding topics such as the circulatory/respiratory and digestive systems. All of the students were very engaged!

Congratulations to Mickey Loberg for competing in his first Brazilian Jiu-Jitsu tournament, and finishing in 1st place! Also, thank you to Richard Neden who has been volunteering his time to teach this challenging sport to our community members.

Our Welcome to Kindergarten event takes place on **March 3rd, from 3:30-4:30**. If you have a child who will be 5 years of age by December 31st, 2016, bring him/her down for some fun activities and a tour of the school.

The Association of Professional Engineers and Geoscientists of BC (APEGBC), will be hosting the **2016 Popsicle BridgeBuilding Challenge** at Dr. Kearney Middle School on March 12th. Mrs. Baytaluke has been working with many of our students to build bridges for this fun competition. Come on out and cheer on our students!

Congratulations to the following students who earned **Work Ethics Honour Roll** status for Semester One, Term Two. These students demonstrated excellent work habits and consistency all term. They also enjoyed a great reward day opportunity at Powder King.

Team Challenge: Our Grade 5/6 students are organizing and running a School-Wide Team Challenge event to raise school spirit and encourage cooperation and creativity. The class will be organizing students into groups of four similar-aged groups. The focus of the challenge is a bit of a secret, so we will share pictures of the results in the next Bulletin.

Mini Science Fair: Our secondary Science & Technology students will be hosting a mini-science fair on February 24th. One student will be selected to join our team to represent Hudson's Hope School at the Regional Science Fair in Dawson Creek. Good Luck HAWKS!

2016 Winter Carnival

Hudson's Hope really knows how to sock it to winter. Even though this year's total number was down slightly with 1923 participants over the course of the eight days, there were also three less events. And as a result, participation numbers for the 19 different activities were up again. It's unbelievable to see those numbers keep climbing for the Hudson's Hope Winter Carnival. It was so awesome to see so many families take advantage of the "winter" fun. Just love those smiles. The community support was over the top amazing, Hudson's Hope is a let's do community and can "sock it to winter" in style.

Congratulations to Team Edgar for winning the ice carving contest and to the Schwartz family for the snow sculpture contest. Congratulations to Jamie Eastman, who won the cross country ski set donated by North Peace Savings and Credit Union at the Cross Country workshops. Sheigh Siemens won the family set of snowshoes donated by Hope for Health at the Cameron Lake Fun Day.

Congratulations to you and enjoy

the win. Thanks to all those who posted photos with the #sockittowinter. You can check out these entries and the Winter Carnival photos by going to the District of Hudson's Hope website and facebook page.
