# Early Learning Tip January

School District 60 wants you to know ...  
You are your child's first and best teacher. You can help your child grow strong roots for learning both in and out of school.

## January's Tip - Reading

**find** a quiet and comfortable spot  
**have** your child sit on your lap  
**read** a variety of stories/poems  
**chat** about what you read  
**ask** questions like "What do you think..."

Why? Children who sit with their parents and handle both paper and digital books have an easier time learning to read. By taking time to talk about the story, you bring the story to life.

To find out more information go to:

[www.familyfriendlycommunity.ca](http://www.familyfriendlycommunity.ca) or [www.earlylearning.prn.bc.ca](http://www.earlylearning.prn.bc.ca)

## ALZHEIMER AWARENESS CAMPAIGN BUILDS SUPPORT, UNDERSTANDING FOR HUDSON'S HOPE RESIDENTS LIVING WITH DEMENTIA

Hudson's Hope residents will be asked in January to join a national awareness campaign to challenge public perceptions of what it means to live with dementia.

January is national Alzheimer Awareness Month. The 2018 campaign aims to convert judgment into compassion and assumptions into understanding so that people with dementia feel supported in the local community.

Dementia is one of the country's most pressing health issues. The Society offers a variety of assistance to area families and other caregivers, such as the First Link® Dementia Helpline. It can be reached at 1-800-936-6033.

The regional Alzheimer Resource Centre can connect residents to support groups, including ones that can be accessed by telephone, educational seminars and workshops, and programs that help people live well with dementia.

The Society also provides useful resources for health care professionals.

For more information visit [www.alzheimerbc.org](http://www.alzheimerbc.org).

## ***District of Hudson's***

I trust everyone had a wonderful Christmas, with too much turkey, baking and candy but are now ready to head into a brand new year. Happy 2018!

### **Site C:**

As you all will have heard, Site C has been "re-approved" by the new NDP government. Council will be monitoring events to see what, if anything, has changed for Hudson's Hope with respect to Site C as a result of the change in government.

### **Municipal By-election:**

As you may know, there is a vacancy on municipal council resulting from the resignation of Councillor Gilliss. A by-election to fill the position will be held on January 20. Four people are letting their name stand:

Gibbs, Mattias

Knox, Reg

Markin, Patricia

McCarthy, John Paul

It's heartening to see so much interest in this by-election..

The next general municipal election is less than 10 months away, on Saturday, October 20, 2018. The high participation in this by-election hopefully predicts the same for October, which in turn suggests a healthy future for local government in Hudson's Hope.

A big thank you to all four candidates for your willingness to get involved in our local government!

### **Rural Roads:**

The North Peace Economic Development Committee (NPEDC), has recommended that the Peace River Regional District (PRRD) re-establish a Rural Roads Taskforce (RRTF). In the late 1990's and early 2000's, a North Peace RRTF worked in collaboration with the provincial government's Regional Transportation Advisory Committee, to improve rural roads. It resulted in much improvement to our regional roads, including hard-surfacing of Beryl Prairie and Farrell Creek Roads in Hudson's Hope.

## ***District of Hudson's***

Wear and tear and extreme weather events in the past few years have taken their toll and our rural roads show it. As an example, for a couple weeks last spring, manned tractors were stationed at the Farrell Creek turn-off 24 hours per day to haul industrial trucks to the top of the hill. Clearly, the hill needs a lot of work.

Jackie Kjos, the consultant who facilitated the past efforts, has been engaged to document the needs and suggest a strategy forward.

The two roads within Hudson's Hope which stand to benefit from the current initiative are Farrell Creek and Beryl Prairie Roads. Neither Highway 29 nor the Alaska Highway would be covered by this program. Hudson's Hope will have representation on whatever regional committee is formed going forward.

### **Disposal of Produced Water Reinstated at well opposite HH Airport:**

As you probably remember, a produced water disposal well is located approximately 3.3 km from Peace Canyon Dam, accessed from Canyon Drive west of the airport. Disposal well depth is 1,514 meters. On March 17, 2017, the Oil & Gas Commission issued an order stopping injection due to some uncertainty about the impact of fluid injection on the dam.

Ben Jones, CEO of Canada Energy Partners, and owner of the well, appealed the decision. That was dismissed.

Mayka Kennedy, Executive Vice-president and Chief Engineer of the Oil & Gas Commission, then reviewed the permit and on December 4, ruled that the well permit would not be cancelled but that additional conditions would be imposed. Canada Partners has the option of accepting or appealing this decision. I've contacted Ben Jones asking if he has determined his next steps but haven't heard back yet.

You can find more details on the reasons for the decision and the conditions that have been imposed by going to the link below. Conditions are in Appendix A at the back.

## Safety and Bylaw Enforcement

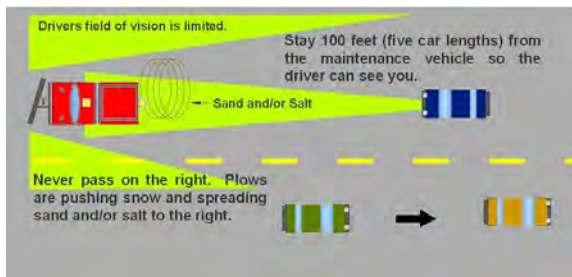

### Don't Get Too Close to Sanding/Salting Trucks:

If you find yourself behind a plow, keep a safe distance behind it—200 feet at the very least. Visibility near the plow will be greatly reduced because of blowing snow, and if you're following too close, you'll fall into the plow driver's blind spot, and they may not even know you're there. That could be dangerous, especially for sudden stopping. Also keep in mind that the plow may be spreading winter abrasive on the road. The abrasive is actually made up of small rocks, which can be up to 12.5mm in diameter, and traveling too fast and too close to the plow could increase the chance of damaging your windshield.

### Never Pass a Winter Maintenance Vehicle on the Right:

Plows will generally be travelling relatively slowly, and it might be tempting to try and pass them. But these vehicles can often have attachments, like wing plows, which can reach 10-12 feet to the right, so if you have to pass a winter maintenance vehicle, wait until it's safe and pass the left.

Plow drivers have limited visibility and cannot see directly behind their trucks. When plowing, a "snow cloud" is often thrown up restricting visibility on all sides of the truck.

### Winter Driving Quiz

1. When driving in winter conditions remain at least \_\_\_\_\_ car lengths behind snowplows.

- A. 3
- B. 5
- C. 6
- D. 8

2. True or False? Snow plow drivers have good visibility with few blind spots.

3. Passing a snow plow is dangerous because:

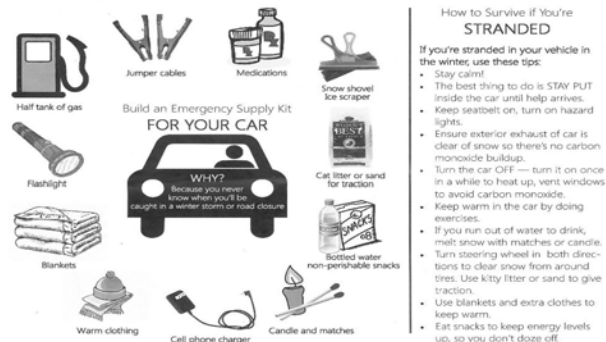

- A. A snow plow creates a ridge of snow to its side that can cause you to lose control of your vehicle.
- B. The plow kicks up a snow cloud which causes total white out conditions.
- C. It may be difficult to see the blade of the plow which can extend several feet ahead of the truck and up to 30 inches beyond the truck's width.
- D. All of the above.

4. When driving in snow you should avoid using the:

- A. high beam headlights
- B. low beam headlights
- C. emergency flashers
- D. rear window defroster

5. True or False? In a rear-wheel drive vehicle, you can usually feel a loss of traction or the beginning of a skid. With a front-wheel drive vehicle, there may be no warning.

Answers to the Quiz will be in the next issue of the Bulletin.

Ministry of Forests, Lands, Natural Resource Operations and Rural Development  
**BC Rural Dividend program announces fourth intake**

**NEWS RELEASE**

VICTORIA – Applications for funding in the fourth intake of the BC Rural Dividend program will be accepted Nov. 15 to Dec. 15, 2017, Minister of Forests, Lands, Natural Resource Operations and Rural Development Doug Donaldson announced today.

“I encourage local governments, not-for-profit organizations and First Nations to get their applications submitted,” said Donaldson. “We’re committed to action that will strengthen rural economies and provide jobs in rural communities.” Single applicants can apply for up to \$100,000 for community-driven projects and must contribute at least 20% of the total project cost. Partnerships, involving more than one eligible applicant, can apply for up to \$500,000 and must contribute 40% of the total project cost.

A project-development funding stream will provide up to \$10,000 to help communities with limited capacity build the business cases and feasibility assessments needed to develop strong projects and support the development of future project applications.

Under the BC Rural Dividend program’s special circumstances allowance, which is used to help rural communities facing economic hardship, funding will also support those communities hard hit by wildfires in 2017.

Projects will be assessed and approved based on the following criteria:

- Rural communities most in need
- Improved community resiliency and economic strength
- Partnership building and enhanced shared prosperity
- Project feasibility and sustainability
- Economic impact on rural communities
- Attracting and retaining youth
- Innovation in economic development

The fourth intake program guide and detailed instructions on how to apply are available on the BC Rural Dividend website: [www.gov.bc.ca/ruraldividend](http://www.gov.bc.ca/ruraldividend)

**HAPPY  
NEW YEAR  
FROM THE  
LIONS DEN**

Hello everyone and welcome to the Lions Den. I hope everyone had a wonderful holiday season with friends and family. December was very busy for us. We decorated the hall and put on our Community Christmas Dinner. We had a packed house for the dinner and not much food was leftover! In the middle of the month we delivered the Christmas hampers that the wonderful folks at the Friends of Hudson's Hope Food Bank put together.

2018 is the 101<sup>st</sup> year since Lions Club International was formed and 51 years since our little club sprung up. Worldwide, the club has over 1.4 million members and was originally started by a group of Chicago businessmen with a desire to make their communities a better place. Over the years, the club worldwide has focussed on helping the visually impaired but our motto "We Serve" (coined by an Ontario Lion in 1956) encompasses anyone in need. It was a Lion who implemented the white cane and most eye banks today are sponsored by the Lions Club. In 1956, the Detroit Lions Club gave a drum set to then 6 year old Stevie Wonder as a Christmas gift.

The Fort St John and Chetwynd Lions Clubs have closed their doors but we keep chugging along. If you want to lend a hand and become a member, check out our Facebook page @hudsonshopelionsclub or email us at [lionsclubhh@gmail.com](mailto:lionsclubhh@gmail.com). We are always looking for new members!

Submitted with pride

## Police Report: January 2018

### Police Report – December 2017

Hudson's Hope RCMP responded to approximately 37 calls for service over the last four weeks. Four impaired counter attack checkstops were conducted resulting in one prohibited driver having charges forwarded to Crown office. During the month of November, the Hudson's Hope RCMP issued 8 traffic tickets and 11 written warnings to drivers for various motor vehicle act infractions.

The Hudson's Hope RCMP responded to several collisions during this period. Drivers are reminded to drive according to the conditions and to ensure they have winter tires installed. Please clear snow and ice from all windows and the roof to ensure you can see clearly and not have an avalanche on your windshield when you apply the brakes.

The Hudson's Hope RCMP still needs volunteers for the Speed Watch Program. If you have a few hours per month to support road safety in your community, let us know. Contact Cst. McKenna at 250-783-5241 for complete details. The program will likely begin late Spring 2018 and run until Fall.

On November 25<sup>th</sup>, 2017, Hudson's Hope RCMP members were called out for a report of someone being followed by unknown suspects after fleeing a residence where they were being held against their will. The caller was located but could not provide any information to support the initial report.

On December 2<sup>nd</sup>, 2017, Hudson's Hope RCMP responded to a local residence for a domestic assault. The offender was arrested and subsequently released on several conditions. Assault and firearms charges are being forwarded to Crown.

On December 15<sup>th</sup>, 2017, a prohibited driver was stopped after driving up to a checkstop being conducted by the Hudson's Hope RCMP. The driver was issued a violation ticket for driving without a valid driver's licence and his vehicle was impounded for 7 days. The driver will appear in court for a charge of driving while prohibited under section 95 of the Motor Vehicle Act.

Anyone with information regarding current or past investigations, or any criminal activity, is asked to contact the Hudson's Hope RCMP directly at 250-783-5241, or anonymously through Crime Stoppers at 1-800-222-8477. Visit <http://crimestoppersnebc.ca/> for advice on submitting tips online and to browse the area's "most wanted" page.

## **Preparing an Emergency Kit for Your Car**

If you have a car, prepare an emergency car kit and keep it in the vehicle. The basic emergency kit for cars should include the following items:

Check off the items for your 72-hour emergency kit as you accumulate them.
