Library Fundraising Event: Taste the World!

On Saturday, February 17th, the Hudson's Hope Public Library Board is hosting a dinner social and silent auction! So that we are able to better plan for the evening, please purchase your tickets in advance.

During the evening event, we will be displaying images from local traveller's adventures around the globe... if you would like to have your images added to the slideshow, please email five images per location/vacation to director.hhpl@pris.ca. Please note in your email the location and a condensed description of the photo.

If you would like to contribute an item or basket for the silent auction, please contact Amber at the Library.

This fundraising initiative is to replace all of the dated and/or deteriorating furniture in the library.

Adult Programs – Amber Norton, Library Director

Armchair Traveller: We will be having at least one Armchair Travel event in March, date TBA. If you would like to present a vacation slideshow for one of our library events, please do not hesitate to contact me at the library or via email.

One of the multi-presentation evenings that we are planning for the spring will include the theme of travelling with kids! The Norton's are planning a presentation to talk about travelling to Mexico and Cuba with kids as well as our summer adventure to Haida Gwaii last year!

Conspiracy Book Club: We had to postpone the club meeting until February 24th at which time we will be reviewing the collected works of Zachariah Sitchen! If you would like to attend, please ask one of our librarians to set you up with one of the seven books from our library or to interlibrary loan another title by Sitchen.

Walk-In Book Club: The next book for the Walk-In Book Club is Anita Diamant's *Boston Girl*. The title selected to start circulating on February 15th is *Exit West* by Mohsin Hamid.

Young Adult Programs: Shellie Howard, YA Programmer

District of Hudson's Hope Bylaw Information

Garbage Bylaw Amendment No. 892, 2017

Council has approved First, Second and Third Reading of the “*Hudson's Hope Amending Garbage Collection Bylaw No. 892, 2017*” at the Regular Council Meeting held on January 8, 2018. The purpose of Bylaw No. 892 is to extend the garbage service boundary to include an additional section of Highway 29.

Fireworks Regulation Bylaw No. 87

Council repealed “Fireworks Regulation Bylaw No. 87, 1968” at the Regular Council Meeting held on January 22, 2018. The bylaw had been originally created in order to restrict the distribution and usage of fireworks with the District of Hudson's Hope. The “District of Hudson's Hope Fire Protection and Life Safety Bylaw 775, 2009” has a mechanism in place that allows the Fire Chief to restrict sales and usage of fireworks when deemed to be necessary.

ANNOUNCEMENTS

2018 Business License

The 2018 Business License statements have been mailed out.

If you no longer require your Business license, please call the district office to have your license cancelled. If you do not have a business license or are unsure if you require one, please stop in or call for more information.

Bylaw No. 504 clearly states "that no person shall carry on, within the Municipality, any business unless he or she is the holder of a valid and subsisting license issued to him or her under the bylaw by the License Inspector and shall pay therefore, to the License Inspector, the sum stated in the bylaw". The annual cost for a business license is \$50.00

If you are operating a business without a license, you are in direct violation of Bylaw No. 504.

A "business" is defined as any activity in which you receive monetary compensation for any services that you may provide within the community.

2018 DOG TAGS Now Available

Why Should I License My Dog?

In case they get Lost....

Perhaps the best incentive for Getting your dog licensed is that it increases your chances of getting it back if it gets lost. Licensing your dog with the District means staff are able to contact you if they find your dog.

It's Easy and Inexpensive

The cost is \$10.00 if your pet is spayed or neutered or \$30.00 if they are not. Stop by and pick up your license at the District Office, it only takes a few minutes.

Reduced Fines

The Fee for a dog picked up at large is \$60.00. There is an additional fee of \$60.00 if they are not licensed (this does not include any boarding fees, if applicable).

GRADE 4 HAIDA ART AND CULTURE

ORIGINAL HAIDA ARTWORK

The Grade Four class would like to thank Roger Smith for sharing his original Haida artwork to make our Haida blankets.

Roger was born in Massett, Haida Gwaii, but now resides in North Vancouver. He is attending his 2nd year of Frieda Diesing Art College in Terrace, BC. Roger is studying Traditional Haida Art and is currently designing his own Haida paintings, prints, cards, tattoos and regalia.

Roger also does wood working projects and has designed Haida wooden spoons, masks, wooden bowls and plaques.

Roger also assisted with the carving of a totem pole!

Thank you Roger for sharing your beautiful designs! Also thanks to Dee Smith for sharing her supplies and knowledge with us!

You rock Ms. Dee!!

Early Learning Tip February

School District 60 wants you to know...
You are your child's first and best teacher. You can help your child grow strong roots for learning both in and out of school.

February's Tip - Playing Games

Play a variety of games—cards, board games, hopscotch, hide & seek, soccer or hockey

Take turns, following rules and instructions

Experience both winning and losing **Learn** how to take care of materials

Why? While playing games children learn to concentrate, reason, negotiate, problem-solve and get along with others. Playing games help children develop their small and large motor skills. Learning to take turns, follow rules, take risks, and experience winning and losing makes your child more resilient to disappointments and frustrations. To find out more information go to:

HAPPY VALENTINE'S DAY

FROM THE LIONS DEN

Hello everyone and welcome to the Lions Den. I hope everyone is managing to keep warm with this crazy weather. It has been a quiet few months for Lions Club members, a nice break after the busy Christmas season. Valentine's Day is coming up this month. It's your chance to do something special for someone special.

Just a couple of fun facts about lions. Did you know that although both African and Asiatic lions live in prides, the make-up of these prides are very different. The African lion pride consists of up to 3 males and about a dozen females though can get as big as 40 members. The Asian lions divide themselves into 2 prides, male and female and only come together during mating season. With both types of prides, the females tend to stay with the pride in which they are born as they are usually related to each other. Males, on the other hand, wander off when they are old enough and not feeling comfortable enough to ask directions back, end up creating their own pride.

If you want to lend a hand and become a member, check out our Facebook page @hudsonshopelionsclub or email us at lionsclubhh@gmail.com. We are always looking for new members!

Submitted with pride

DISTRICT OF HUDSON'S

So here we are in February, Valentine's month! Already you can see the days get just a little bit longer. Always a blessing as winter starts to wear a bit thin!

By-election:

Congratulations to Mattias Gibbs who was the successful candidate in the recent Council by-election. And a big thank you to all the candidates who put their name forward. We are very lucky to have so many people interested in serving the Hudson's Hope community!

Water Research in Hudson's Hope:

Both the University of BC and of Victoria have launched research projects in Hudson's Hope. **UBC** is researching the movement of gas through soil. At two locations, one dry, the other water-saturated, they have injected marked natural gas into the ground and then monitor its movement through the soil. Some surprising information has already come to light and will help predict where and how far natural gas might move, should there be a leak. Dr Aaron Cahill will be explaining the project and presenting their findings at a meeting in Hudson's Hope in the next few weeks. Watch for notices of time and place.

UVic is setting up a project to study the movement of sediment in water. They will be using the Brenot Creek slide and the sediment it puts into the creeks and ultimately the Peace River as the base of their experiment.

Research projects provide baseline information as we seek to understand and hopefully protect both ground and surface water in the area. Their presence is also an opportunity for residents to get information that could help them find and develop water sources on their property.

Depending on research funding, there may be further projects coming from these initial projects, which would be positive for our community.

Hudson's Hope Pharmacy:

A couple years ago, BC telepharmacies such as we have in Hudson's Hope were threatened with closure. We mounted a strong defence of our little pharmacy! All went quiet for awhile but on Monday (22nd), I received confirmation from owner Alan Williamson that our hard work paid off. He says,

HOPE COUNCIL NEWS

"The College of Pharmacies has granted approval for Telepharmacies to be licensed and continue to operate in remote communities in BC including Hudson's Hope." "Pharmasave Telepharmacy in Hudson's Hope has renewed our License.... for 2018."

Thank you to all those who attended meetings, wrote letters and made phone calls to keep our pharmacy open!

Service Canada:

A Service Canada representative was in Hudson's Hope in mid-January to explain the services provided by her department. For example, they will help fill out and will accept applications for passports. They will also assist you to navigate the unemployment, pensions, Canadian citizenship, registered education plans, federal grants, or any other federal government program.

Service Canada's office in Dawson Creek is open Monday, Wednesday and Friday 8:30am - 4pm (508-102nd Avenue) and in Fort St John Tuesday and Thursday, 10am - 3:30pm (Northern Lights College).

Upcoming Site C Activity near Hudson's Hope:

DA Thomas Road (Ferry Landing) upgrades: 2020

Hudson's Hope berm: mid 2021 – late 2022

Highway realignment: Lynx Creek - early 2020; Farrell Creek – mid-2020

Reservoir clearing: Halfway to Hudson's Hope – winters, 2020-2023

Portage Mtn Quarry Activity: present – mid 2022

Peace Canyon switchyard: 2017 – 2019

Stay warm and,

Happy Valentine's Day!

PROTECTIVE SERVICES

Automated External Defibrillators

What are They?

An automated external defibrillator (AED) is a small, portable device used to identify cardiac rhythms and deliver a shock to correct abnormal electrical activity in the heart. AEDs are used to treat [sudden cardiac arrest](#) (SCA).

Up to 40,000 cardiac arrests occur each year in Canada. That's one cardiac arrest every 12 minutes.

Eighty-five per cent of cardiac arrests in Canada happen outside of hospitals, and having an AED close by can make all the difference. The American Heart Association warns that for every minute lost before defibrillation, the survival rate decreases by seven to 10 per cent. After 12 minutes, the survival rate plummets to less than five per cent.

When CPR and an AED are both used within five minutes of a cardiac arrest, the chance of survival rises by nearly 75 per cent, according to research published in the Journal of the American College of Cardiology.

Where are They?

Quick access to an AED can greatly improve a patient's survivability rate, and knowing where AEDs are located within your community can help facilitate this. Fortunately there are a number of AEDs located within the District of Hudson's Hope. Emergency responders including police, fire and BC Ambulance all have devices on their apparatus and vehicles. There are also AEDs located at the pool in the summer and at the arena in the winter, and staff at these locations have training in their use. Hudson's Hope School has an AED in the staff room and has staff trained in its use. Other places that might be less obvious are the library where an AED is on site, and staff and board members have received training in AED and CPR, and the Silver Willows facility where they also have an AED available.

Where can I Learn More?

To learn more about AED use you can contact your local first aid course provider to enroll in a CPR/AED training course and we invite you to take a few minutes to watch a short video on the District's Emergency Services web page @

HUDSON'S HOPE CLUBS AND ORGANIZATIONS

FINANCIAL ASSISTANCE GRANTS

Council is now accepting applications from non-profit clubs and organizations requesting funding assistance in 2018:

The deadline for applications is February 15, 2018.

The District of Hudson's Hope recognizes that valued contributions are being provided through volunteer efforts of the community organizations and agencies on behalf of the citizens. The Financial Assistance Grant demonstrates Council's commitment to working with groups which provide these beneficial programs, services or projects to the community while at the same time recognizing the financial constraints of the District.

1. The Primary Purpose of a financial assistance grant is to provide assistance to an organization for a specific capital project or local event that benefits the residents of the District of Hudson's Hope;
2. Providing assistance includes the donation of time, facilities and District inventory (tents, tables, chairs, etc.);
3. Grants will not be provided for travel expenses;
4. The applicant organization must be registered as, or belong to a parent Society under the laws of British Columbia and/or Canada, and;
5. Upon completion of project the applicant must submit a final report to the District outlining how funds were expended.

For full application details please visit our website at:
<http://hudsonshope.ca/residents/clubs-services/>

If you have not submitted a report for your 2017 grant, your 2018 grant application will be DENIED.

Applications should contain all assistance requests for the year, including waivers for municipal tent rental and other donation requests such as complimentary recreation admission requests.

Forms may be picked up at the District Office.

Should you have any questions, please contact Tammy McKeown, Corporate Officer, at the District Office, 250-783-9901.

Thank you.

SLIPS, TRIPS, AND FALLS

Slips, trips, and falls cause 15 percent of all accidental fatalities and are a major cause of lost-time accidents. By taking several simple precautions and being aware of their work area(s), employees can control and/or reduce exposure to slip, trip, and fall conditions that may cause workplace injuries.

Common Causes of Workplace Slips, Trips and Falls

- Slippery walking surfaces due to the presence of water, oil, animal waste, loose carpet, broken tile, loose gravel, or other slick materials and liquids.
- Uneven walking surfaces in outdoor areas such as fields or broken sidewalk pavement.
- Obstructed offices, work areas,

IMPACT OF SLIPS, TRIPS & FALLS

hallways, aisles, or outdoor pathways due to obstacles such as extension cords, tools, chairs, open file drawers, brush, and tree limbs/roots.

- Improper ladder use, standing on furniture, and unsafe traverses of steps and stairs.
- Jumping off equipment, from one level to another, or across ditches.

Slip, Trip and Fall Precautions

- Always promptly clean up spills and place warning signs for wet or slippery walking surfaces.
- Walk at speeds that the surface conditions permit.
- When possible, detour around wet or slippery walking surfaces.
- Practice good housekeeping by keeping offices, work areas, hallways, aisles, and outdoor pathways free of obstacles and clutter. Always close file drawers after use.
- Never stand on furniture to reach for elevated objects. Always use a ladder or step stool.
- Repair loose or damaged carpeting, floor tile, and sidewalk pavement.
- Cover extension cords when they temporarily cross walkways.
- When dismounting equipment, use manufacturer-installed handrails and ladder rungs.
- Never jump across ditches or from one level to another (i.e., from a loading dock to the ground).
- Wear appropriate slip-resistant footwear for the type of task to be performed.
- Be alert of your surrounding when climbing or descending steps or stairs. Use handrails where present.
- Always provide adequate lighting in work areas, including all walkways.
- Reduce your walking speed when turning or moving around obstacles.

Bylaw Information February 2018

Each month we will illustrate the requirements and limitations of the zones within the District of Hudson's Hope.

Hudson's Hope Zoning Bylaw No. 823, 2013.

16.0 M2 ZONE: LIGHT INDUSTRIAL (UN-SERVICED)

The intent of the M2 zone is to permit a variety of light industrial uses that require large tracts of land but do not require municipal services such as water and sewer.

16.1 Permitted Uses

In the M2 zone, the following uses and no other uses are permitted:

- .1 Accessory buildings and structures.
- .2 Automotive wrecking, storage of old machinery parts and junk yards.
- .3 Lumber yard.
- .4 Machinery and heavy equipment storage.
- .5 Manufactured home sales.
- .6 Natural resource extraction.
- .7 Processing and storage of sand and gravel and other non-metallic mineral products.
- .8 Temporary worker camps.
- .9 Vehicle storage and parking facilities including truck and recreational vehicles.
- .10 Warehouse and outdoor storage, including storage of explosives and fuel.

16.2 Zone Specific Regulations

On a parcel located in an area zoned as M2, no building or structure will be constructed, located or altered, and no plan of subdivision approved which contravenes the regulations set out in this section. Column 1 sets out the matter to be regulated and Column 2 sets out the regulations.

COLUMN 1	COLUMN 2
.1 Minimum parcel size for:	1,000 m ²
.2 Maximum building and structure height	15 m
.3 Minimum parcel width	30 m
.4 Minimum setback of buildings and structures from: <ul style="list-style-type: none">• front parcel line• interior side parcel line• exterior side parcel line• rear parcel line	<ul style="list-style-type: none">10 m10 m10 m10 m

16.3 Zone Specific Regulations

- .1 A temporary use permit is required from the District of Hudson's Hope for all temporary worker camps.
- .2 All temporary worker camps must be constructed in accordance with the District of Hudson's Hope Building Bylaw.

Meet Marie Gouldie

Northern Knitting Design

For Marie Gouldie, knitting is more than just a means of creativity. Knitting has been a part of her life since she first learned the art at the age of five. No matter what stage of life she was at, she would knit for fun and for relaxation. It was a way to get through the stresses of high school, the busyness of having young children and a way to fill her time when her kids grew up and left home.

"Having people buy my products and seeing them wear them gives me great pride in what I do." In fact, many of the items that Marie knits don't get sold at all. She gives many of her creations away, such as the colourful afghans that she donates to homeless shelters, and the warm little toques that end up on the heads of premature babies in the hospital.

IN MEMORY OF JIM BEATTIE

Jim was born May 5th, 1936, a twin to Bill. Their parents, James and Elizabeth, named the boys James Hudson and William Hope. They were the youngest of eight children and their home was Gold Bar about twenty eight miles from Hudson's Hope. Jim's father died when the boys were in their early teens. Elizabeth faced difficult years raising the children in a place so remote from town and neighbours. Many trappers obtained their yearly supplies from her at Gold Bar on their journey to the trap line cabins. Vegetables, jarred fruit, and meat, breads etc., were raised and prepared by her.

Jim and Bill operated the ranch before it was flooded by the Bennett Dam and Elizabeth moved into Hudson's Hope. Jim worked various jobs over the years, from hauling coal to operating heavy machinery and finally his last job was at the Department of Highways in Hudson's Hope where he made long lasting friendships.

In 1962 Jim and Mary Lou were married in Fort St John and moved to Hudson's Hope in 1964. A son, Barry was born in 1964, daughters Karen and Cheryl in 1965 and 1971. In 1968 Gold Bar was flooded by the dam and a paradise was lost. Jim was allotted title to District Lot 3056 on the 12 Mile Road.

He retired in his early sixties and developed severe asthma shortly thereafter, but it did not stop him from clearing land and developing a homesite. In 1998 he and Mary Lou moved out to the property and he resided there till his death on Jan 11th, the day of his discharge from hospital. His last few years were not pleasant for him as his shortness of breath prevented him from doing the things he loved such as four wheeling, skidooing on the lake and cutting wood, etc. At least now he can breathe freely. His children grew up having learned valuable lessons from him and as far as he would be concerned that alone is worth everything.

Jim leaves his wife of 55 years Mary Lou, son Barry (Hege), daughters Karen (Darryl), Cheryl (Dwain), twin brother Bill, Sisters—Ruth (Hudson's Hope) Olive (Norm) Grand Forks, sister-in-law Ethel. Also six grandchildren: Garrett, Michael, Robyn, Jesse, Matthew and Addison. One great grandchild Jacob.

The family would like to thank everyone for their support and friendship. Also thanks to Dr. Courtney, Susan, Faye, Cara, and the ambulance crew. You were all so great!

Donations can be sent to THE FRIENDS OF HUDSON'S HOPE. Respecting Jim's wishes, no service will be held at this time. A summer gathering at his favorite place at 12 Mile Road is planned. Thanks to everyone.

Police Report: January 2018

Hudson's Hope RCMP responded to approximately 20 calls for service over the last four weeks. Two impaired counter attack check stops were conducted. Two prohibited drivers were stopped and charges were forwarded. During the month of December, the Hudson's Hope RCMP issued 15 traffic tickets and 29 written warnings to drivers for various motor vehicle act infractions.

The Hudson's Hope RCMP still needs volunteers for the Speed Watch Program. If you have a few hours per month to support road safety in your community, let us know. Contact Cst. McKenna at 250-783-5241 for complete details. The program will likely begin late Spring 2018 and run until Fall.

On December 18th, 2017, a driver was stopped at a check stop and found to be prohibited from driving under the Motor Vehicle Act. The licence plates were seized as they did not belong on that vehicle. The driver was released from the scene and the vehicle impounded for 7 days. The driver will be summoned to court upon charge approval from Crown Counsel.

On December 30th, 2017, Hudson's Hope RCMP stopped a vehicle travelling at 138 kilometers per hour in a 90 kilometer per hour zone on Highway 29. The driver was found to be prohibited from driving under the Motor Vehicle Act and was issued an Appearance notice for court. The driver was also issued violation tickets for speeding and driving without a driver licence. The vehicle was impounded for 7 days under the provisions of the Motor Vehicle Act.

On January 9th, 2018, Hudson's Hope RCMP responded to a logging truck in the ditch on Farrell Creek Road. The truck had broken off a power pole and had power lines down near it. The driver had removed himself from the truck prior to police arrival and was uninjured. Speed and road conditions contributed to the collision.

On January 13th, 2018, Hudson's Hope RCMP conducted a traffic stop with a two suspicious vehicles and occupants. Several illegally possessed prescription pills were located in the possession of one occupant and seized for destruction.

Anyone with information regarding current or past investigations, or any criminal activity, is asked to contact the Hudson's Hope RCMP directly at 250-783-5241, or anonymously through Crime Stoppers at 1-800-222-8477. Visit <http://crimestoppersnebc.ca/> for advice on submitting tips online and to browse the area's "most wanted" page.
