You must build a fire guard around your campfire.

CATEGORY 2 FIRE:

- 1 to 2 concurrently burning piles no larger than 2 metres high by 3 metres wide
- Stubble or grass burning over an area less than 0.2 hectares

REGULATIONS:

A fuel break must be established around any Category 2 burn area.

Fireworks are banned when a Category 2 fire prohibition is in effect.

At least one person equipped with a fire-fighting hand tool must monitor the fire at all times.

- 1 or more burning windrows
- Stubble or grass burning over an area greater than 0.2 hectares

REGULATIONS:

A fuel break must be established around any Category 3 burn area.

You must have a burn registration number to light a Category 3 open fire. Call the burn registration line 1 888 797-1717 to obtain one.

GENERAL REGULATIONS:

Never burn in strong wind conditions.

Your fire must be extinguished before leaving the area.

Always keep your fire a safe distance away from nearby branches, wood and other combustible materials.

*Further bans and restrictions can be implemented at the BC Wildfire Service's discretion.

Anyone found in contravention of an open fire prohibition may be fined up to \$1,150. Library Club Wednesday afternoons between 3:30 pm and 4:30 pm

Spring has sprung, and Library Club is having an ART ATTACK!!! In our Great Art Series, we have been learning about painters like Pablo Picasso, Frida Kahlo and Vincent Van Gogh. We are learning about the properties and uses of different art mediums, like oil pastels, acrylics and watercolours, and the importance of colour and mood. We have been familiarizing ourselves with the techniques these great artists have used to create masterpieces. It seems that everyone has an artist inside, and hopefully we can learn to bring them all out! Upcoming art projects we are looking forward to include mixed media self-portraits, splatter paint art and painting on canvas. We hope to share some of our creations at the upcoming Program Wind Up Barbecue on June 13th. If you love being creative, please join us at Library Club.

StoryTime Tuesday mornings between 10:30 am and 11:30 am.

April has been a busy month! We will be concluding our tour through the alphabet by the end of the May. We have been utilizing some of the amazing Literacy Kits during our playtime, which are filled with activities and toys. Coming up in the following weeks, we will begin to explore our FIVE SENSES, with related stories and fun activities. New friends are always welcome!

I recently had a chance to visit the Child Care Resource & Referral (CCRR) toy lending library in Fort St. John. This is a wonderful resource to borrow toys and keep materials fresh and exciting for free play time. The knights and castles playset and figurines were a big hit, and I am looking forward to bringing in other fun things over the coming months. The lending library also has large books with props, which allow children to interact with the story, which is always a big hit!

Children's Collections – We have recently conducted a small weed of the early reader collections to allow the collection to be easier to browse. This is a collection of leveled readers for new readers to enjoy. If you would like to purchase some gently used readers to keep at home, there will be a small selection on our sale shelf while supplies last. Of course, there will always be a great assortment available in the library for your new readers to enjoy!

Item Donations – Thank you for the following thoughtful donations.

Gouldie – scrapbooking supplies, stencils, stickers, paper

Hudson's Hope Thrift Store – scrapbooking scissors collection

Chris Cvik – 6 hardcover fiction and 2 non-fiction

Ross Peck – Adult Audio CD

Bill Lindsay – 1 adult hardcover fiction

Stephanie Hues – 1 adult book

Anonymous – 5 adult hardcover fiction, 3 pprback

Sharon Jackson -1 adult pprback

Sanford Family – 19 adult fiction & nonfiction

In addition, we'd like to extend a big thank you to **Sue Stark at Sugarplums** for donating a hot chocolate urn and hot chocolate supplies! The teens and tweens have already tried it out and LOVED it. Thank you so much for thinking of us!

Thank you so much to Sharon and Samantha for making the colourful butterflies for Gerri's bulletin board in the children's library! With your help, this display has gained so much attention since it went up!

Jam Can Curling - Wow, what a fantastic day of curling our students enjoyed! All of our students showed excellent sportsmanship and enthusiasm throughout the day. Thank you to Artha Stuber for providing a canteen for the day, as well as donating some yummy food items. Jam Can continues to be a wonderful example of what a giving and caring little community we have. Without the help and expertise of so many volunteers, our students would never get to experience such a fun and rewarding event.

Thank you to Ross Peck, Deborah Peck, Mary Breton, Corey Baxter, Sarah Blake, Lorna Winnicky, Travis Winnicky, Alan Cartwright, Mercedes Moffat, Bill Lindsay, Cassie Stark (and Bruce Stark for cuteness), Grace Okada, and Shawn Shepherd. Thank you to the Lion's Club for supporting this event for many, many years. Also a special thank you to Steve Metzger, who has organized Jam Can Curling for our school since 2005. Your passion for the game, and obvious joy when you see students curl is wonderful. Thank you so much for being such a great leader!

Want to learn how to do a lay-up, or a chest pass, or dribble a basketball? Would you like to learn how to hold a paint-brush the correct way, or improve reading and writing skills? Our secondary **Peer Tutors and Leadership students** know how to teach all those things, and a whole lot more. Students at Hudson's Hope School all benefit from a lot of "extra" one-on-one, and small group teaching and learning. Do the older students benefit from this? You bet! To truly demonstrate how well you understand and know how to do something, you try TEACHING someone else. Of course there's also the important aspects such as building relationships, providing instruction in front of groups, and the ability to break information down if needed. Great work HAWKS!

Thank you Can-West Exploration for your generous donation to our school Wrestling Team, coaches, and principal! We are all wearing our new "hoodie" sweaters with pride!

DISTRICT OF HUDSON'S HOPE PUBLIC WORKS NEWS & VIEWS

Ahh, May. The flowers are starting to show their heads after a long winter's rest. Over the next couple of weeks, we will be preparing the flower beds for our annual plantings, and all too soon we will begin cutting grass.

Over the past 3-4 weeks you should have seen our street sweeper collecting the granular material and debris from winter. As I write this, we have a few more days of sweeping in the commercial and residential core before tackling the subdivisions and communities around the core area. It is hoped that the bulk of the street sweeping will be complete before the long weekend in May.

If you come across the sweeper in your travels, please be courteous and provide him with the right of way and he needs to stay close to the gutter to do a good job. Also, if you clean your front lawn after the sweeper has passed, please place the debris in a bag in your garbage.

Water and Sewer Works

Public Works personnel have been working hard in the water plant addressing a hydro-mechanical issue with our filters. There was never any damage to the water quality, but back-washing the filters had been problematic. With the assistance of an outside contractor we believe the issue has been resolved. Also, we have made our annual switch to blended creek water and river water. The quality is clear, and we have been able to reduce our chlorine input to the water system.

A public open house was held on April 18, 2019 to highlight some of the proposed changes to our water system as a result of Site C works. The proposed changes ensure that we can continue to provide you with clean, clear water for years to come.

We have been working hard on preparing engineering drawings and tender documents for the upgrade to the Beattie lift station. The Beattie lift station boosts the sanitary sewer flow from most of the town up the hill to Canyon Drive and down to the lagoon treatment facility at the end of Clark Avenue. The upgrades will make it safer for our staff to perform maintenance on the lift station by removing many of the confined space hazards currently associated with the present works.

Pool Works

We have retained the services of a pool company to repair many of the seam splits in our pool liner. In preparation for this, our crews have been emptying and cleaning the pool. The question of a new liner has been put on hold and will be addressed with the help of the Recreation Committee in the fall.

The pool will be filled in early May, and subject to weather limitations, we have every intention of being open for the May long weekend. Pool staff have been hired and will be taking some recertification and are looking forward to serving you again for another year.

Playgrounds and Campgrounds

The playgrounds have been inspected to ensure another year of active use by the District's youth and children. Our campground personnel will commence work in early May to clean up the campgrounds with an opening on the long weekend in May. Please contact the District office to book a site for your camping enjoyment.

Bulk item spring residential clean up will occur in early June. Further details will follow.

May 11- 18, 2019 is National Public Works Week to showcase Public Works in Hudson's Hope.

DISTRICT OF HUDSON'S HOPE COUNCIL NEWS

A couple of things from the mayor's office for this month.

Caribou Consultation process update:

On April 15, 2019 the PRRD board of Directors held a meeting in Dawson Creek with The Honourable John Horgan, Premier and the Honourable Doug Donaldson, Minister of Forests, Lands, Natural Resource Operations and Rural Development.

The purpose of the meeting was to discuss concerns within the Regional District surrounding the Caribou Recovery Draft Agreements. It was a very good discussion and key issues were identified.

At the end of the meeting, Premier Horgan announced that the consultation deadline would be extended until May 31st, 2019 and that Blair Lekstrom would be acting as a community liaison on the Premier's behalf. Mr. Lekstrom's job is to work with local leaders to discuss concerns and issues involving the Draft Partnership Agreement and Section 11 agreements for caribou recovery and report directly to the Premier.

This process is also intended to include open discussions with West Moberly and Saulteau First Nations.

In the meantime, there appears to be a lot of misinformation circulating within our communities. I would encourage folks to be patient and continue to respect our neighbours.

I am confident that this new opportunity will provide a way forward that all involved can support and respect.

It appears that fire season is once again upon us. So far, this spring has proven to be exceptionally dry. It seems that major wild fire events are becoming the norm for many parts of the world, including our Province. Many of these types of fires are a result of carelessness and completely preventable. Please be very careful and help protect our communities.

I would encourage everyone to sign up for the North East BC Emergency and Public Alerts system. The Peace River Regional District will use the North East Emergency and Public Alert System powered by Everbridge to notify you about public safety issues. This system allows the PRRD to contact thousands of residents within seconds by email, phone, or text. If you do not respond to the message the system will continue to try until the message has been confirmed.

You can sign up at nebcalerts.com and registration takes only minutes. If you have any questions or difficulty registering, contact the District Office. Staff would be pleased to help.

As always, feel free to contact council or staff if you have any concerns or questions.

Police Report: APRIL 2019

Hudson's Hope RCMP responded to 40 calls for service between March 17th and April 18th. 8 checkstop road blocks were conducted during this time, as Hudson's Hope RCMP continues with their safe roads and community initiative. The Speedwatch program will begin in the next few weeks and will be positioned in areas with frequent speeding. The program will be a good visual reminder for drivers and make the area safer for motorists

and pedestrians. 72 written violations and warning tickets were issued to drivers in March. Four boat trailer owners received Notice and Orders to have their trailers plated and insured.

On March 19th, 2019, Hudson's Hope RCMP stopped a vehicle for travelling 127 Km/hr in a 70 Km/hr zone as it entered town. The driver was issued an excessive speeding ticket and the vehicle was impounded for seven days.

On April 10th, 2019, Hudson's Hope RCMP responded to a report of a vehicle rolled over on its roof in the ditch on Highway 29, south of Hudson's Hope. RCMP Police Dog Services was called to assist with a search of the area surrounding the vehicle as no one was found inside. The driver was eventually located by police and taken to the hospital for minor injuries. The driver was issued a violation ticket for speeding.

On April 11th, 2019, Hudson's Hope RCMP, along with Hudson's Hope Fire and Rescue, responded to several grass fires off of Canyon Drive. The fires are suspicious in nature and are currently under investigation as arson. File 2019-113 refers.

Anyone with information regarding current or past investigations can contact the Hudson's Hope RCMP directly at 250-783-5241 or anonymously through Crime Stoppers at 1-800-222-8477. Visit <http://crimestoppersnebc.ca/> for advice on submitting tips online and to browse the area's "most wanted" page.

Distracted Driving and the Law:

According to section 214.2 of the Motor Vehicle Act, a driver cannot operate a hand-held electronic device (including hand-held cellphones, smartphones, tablets and other electronic hand-held devices such as music players, GPS Navigation Systems, etc.). Also, a driver cannot communicate using text messages or email on any type of electronic device. Drivers in the Graduated Licensing Program (GLP) are restricted from using hands-free cellphones while driving. Drivers with a regular licence are permitted to use hands-free cellphones and devices that can be operated with one touch or voice command, provided that the device is securely fixed to the vehicle or worn securely on the driver's body.

Any driver caught texting, emailing, holding a cellphone or other hand-held electronic device while driving will be fined \$368 and receive four driver penalty points (total \$543 minimum).

GLP drivers who receive one ticket will have their license reviewed by the Superintendent and may face driving prohibitions. Fully licensed drivers who receive two tickets in a year will have their license reviewed by the Superintendent and face a possible three to six month prohibition. In addition to the suspension, two tickets in one year will cost you \$1,256 (two fines at \$368 each, plus eight penalty points at \$520) and if you have points from other tickets (e.g. speeding), it will cost you even more.

May at the Hudson's Hope Museum

**Big Thank You goes out to past and present board member
for all their hard work!**

Have you ever wondered where the name of your street comes from? In Hudson's Hope the majority of the streets are named after the pioneers: men and women that came to the area and settled, farmed, trapped and traded. Over the next couple of months we will be giving you a little history on the people that your streets are named after!

First Up - Kylo Street

Kylo street is named after the Kylo Family, Edith and Melvin Kylo. Edith came to Hudson's Hope in 1929 to work as the Teacher for the community and Mel arrived in 1930 to set up a barbershop in town. Sadly, the small town did not need a barber, so Mel tried his hand at gold panning, and farming. Later in his life Mel worked as a Judge for the Small Claims Court, as the coroner and he was a councilman for Hudson's Hope. Edith taught on and off at the school and raised four boys (Ken, Glenn, David and Martin) in a small log cabin (that Mel built) on

the edge of town! Edith was very involved in helping to collect and record life as a pioneer in the area and was very involved in starting the Hudson's Hope Historical Society. She also wrote the Hudson's Hope Section of The Peacemakers and worked as the curator at the museum for many years!

The museum is always looking for volunteers if you have a keen interest in history or would just like to learn a little more about the valley we live in come out and volunteer – we have lots of scanning and accessioning of historical photos and artifacts to be done – training is provided.

The Next Historical Society meeting will be held on **May 18th, 2019** at **1pm** in the afternoon in St Peter's Church Hall. Everyone is welcome at historical meetings. If you would like any further information, please

call the Museum at (250) 783-5735 or by email at hbmuseum@pris.ca

Early Learning Tip May

School District 60 wants you to know...

You are your child's first and best teacher. You can help your child grow strong roots for learning both in and out of school.

Tip - Unstructured Play

- **encourage** creative and pretend play

- **let** children be creative outside with sticks, dirt, leaves and rocks or inside with blankets, pillows, chairs or boxes

- **provide** time for dramatic play alone or with other children

Why?

When play is child-driven, children practice decision-making skills, move at their own pace, and discover areas of interest on their own. The most creative play takes place outside of direct adult supervision. As you might remember from your childhood, we don't need to have every moment scheduled, and, in fact, some of the best creativity comes from being bored. To find out more information go to:

- **what the fire is burning (trees? What species?)**
 - **the size of the fire**
 - **how quickly the fire is spreading**

- **whether there are values or lives at risk**

The details that you provide are critical in determining the type of response that the fire will receive from fire suppression authorities. Your help is greatly appreciated as it helps us to allocate our resources more efficiently and respond quickly to wildfire activity.
