HUDSON'S HOPE PUBLIC LIBRARY

DOUBLE "H" SADDLE CLUB

Norm and Val moved to Hudson's Hope June 15, 1965 and left exactly 52 years later on June 15, 2017.

Norm's love of horses and rodeo was evident through the many years he was a member and president of the Double H Saddle Club and a director for the North-west Rodeo Association. Early on Norm could be found racing his chariot team or running in the crowd-pleasing Pack Horse Race. His passion for rodeo and horses was passed on to all four of his daughters. He spent many weekends hauling them all over the country to rodeos and gymkhanas. Most of those weekends were spent in the arena during the day and around the campfire, with many friends, in the evenings.

Norm spent countless hours volunteering for the Saddle Club and played a big part in getting the indoor riding arena built. Later on in life he was a very active member of the community serving as an Alderman and being on the Peace River Regional District Board for many years.

Norm lived life to the fullest going to rodeos, bouncing at rodeo dances, duck hunting with his buddies, running his own businesses and driving truck. He made friends wherever he went, would always lend a hand whenever needed, and could tell you how and what you needed to fix almost anything off the top of his head.

In 2017, Norm and Val moved to Clairmont to be closer to the girls, grandkids and great-grandkids. They both cherished all the family get-togethers they got to enjoy the last few years. His face would light up every time the great-grandkids would come to visit.

Norm requested no funeral or celebration of life and we, as a family, will honor that request. However, the next time you are at a rodeo dance or sitting around a campfire raise your glass or beer and have a drink for him.

In lieu of flowers, donations can be made in Norm's name to the following two non-profit organizations:

## Hope for Health Society February 2023

Hope for Health Society has been busy. We wish everyone a safe, happy, healthy and active New Year. This is a great time to reflect on your self-care, plan some action, and seek out ways to help you achieve your goals.

Think about making Hope for Health Society a part of your plan. We are actively trying to carve healthy and active pathways for our community.

So what have we been up to?

A huge shout out to our team for participating energetically in the District's Christmas Parade. We also hosted the HoHo Holiday Run. Thanks to all the folks who came out, dressed in the Santa suits, and braved the weather. Thanks to Serena Matchett for organizing this event. The Run was a supportive event for Make-a-Wish Foundation. Thanks to the Hudson's Hope Library for opening their doors and providing some warming hot chocolate. Thanks to the North Peace Savings and Credit Union for "lighting" up our night with their flashy donation. It kept us all bright and safe.

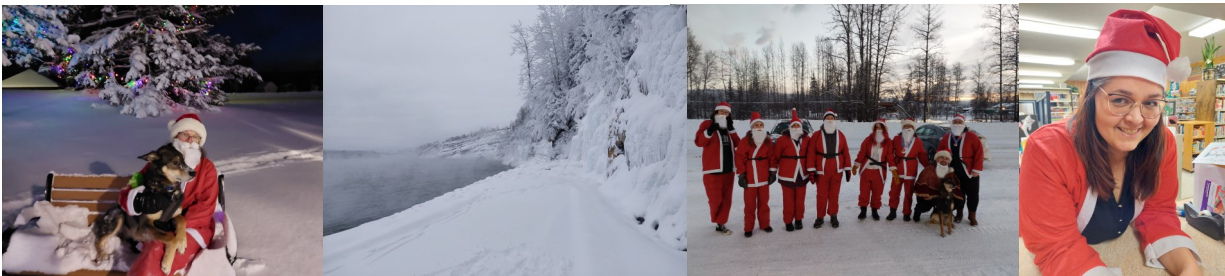

Hope for Health Society has successfully secured several grants that will allow us to run a number of free community programs. Shout out to Greta for all her work on that. Thanks to a Spotlight Grant, FNHA grant, and a HYHC grant, we are able to offer skating opportunities, yoga classes and a snowshoe series.

We are also very excited to be joining the District's Winter Fest. We will be leading a hike, and snowshoeing. This is an event that strongly aligns with the mandate of Hope for Health Society. We encourage all not to shy away from winter activities. Jamieson Woods, for example, is an easy access Nature Preserve for snowshoers, walkers, runners, hikers or bikers. The posted maps are an easy guide for designated use. Soak in the beauty of nature in all seasons.

We always welcome community input. If you have ideas, wish events, feedback, or want to get involved, we encourage you to reach out to us and we will sincerely try our best.

# PROTECTIVE SERVICES

## Automated External Defibrillators

### What are They?

An automated external defibrillator (AED) is a small, portable device used to identify cardiac rhythms and deliver a shock to correct abnormal electrical activity in the heart. AEDs are used to treat sudden cardiac arrest (SCA).

Up to 40,000 cardiac arrests occur each year in Canada. That's one cardiac arrest every 13 minutes.

Eighty-five per cent of cardiac arrests in Canada happen outside of hospitals, and having an AED close by can make all the difference. The American Heart Association warns that for every minute lost before defibrillation, the survival rate decreases by seven to 10 per cent. After 12 minutes, the survival rate plummets to less than five per cent.

When CPR and an AED are both used within five minutes of a cardiac arrest, the chance of survival rises by nearly 75 per cent, according to research published in the Journal of the American College of Cardiology.

### Where are They?

Quick access to an AED can greatly improve a patient's survivability rate, and knowing where AEDs are located within your community can help facilitate this. Fortunately there are a number of AEDs located within the District of Hudson's Hope. Emergency responders including police, fire and BC Ambulance all have devices on their apparatus and vehicles. There are also AEDs located **at the Arena in the winter and the Pool in the summer**. Staff at these locations have training in their use. **Hudson's Hope School** has an AED in the staff room and has staff trained in its use. Other places that might be less obvious are **the Library** where an AED is on site, and staff and board members have received training in AED and CPR, and **Silver Willow Court** where they also have an AED available.

Another interesting way that you can locate and help develop an inventory of AED locations in your community is through the PulsePoint AED website and app. Check it out here: <https://www.pulsepoint.org/pulsepoint-aed/>

### Where can I Learn More?

To learn more about AED use you can contact your local first aid course provider to enroll in a CPR/AED training course and we invite you to take a few minutes to watch a short video on the District's Emergency Services web page @ <http://hudsonshope.ca/residents/emergency-services/>

## Police Report December / January 22/23

Hudson's Hope RCMP responded to 30 calls for service between December 12<sup>th</sup>, 2022 and January 19<sup>th</sup>, 2023. 38 written violations and warning tickets were issued to drivers between the above dates for various motor vehicle related offences. Highway and road safety continues to be a focus for the Hudson's Hope RCMP.

On December 18<sup>th</sup>, the Hudson's Hope RCMP observed a known individual walking throughout local parking lots and residential yards. This individual was observed walking up to random vehicles and testing the door handles to see if they were unlocked. Police intervened before any access was gained and an investigation proceeded. The individual was released with a warning and no further incidents have been reported.

On December 19<sup>th</sup>, the Hudson's Hope RCMP attended a single motor vehicle accident along Hwy 29 in which the driver swerved to avoid colliding with a moose, resulting in the vehicle sliding into the ditch. The driver, nor Mr. Bullwinkle were injured, however the vehicle incurred minor damage.

On December 20<sup>th</sup>, the Hudson's Hope RCMP responded to a residential structure fire in town. It was found upon investigations, that the fire was deemed accidental due to a space heater being utilized in a small crawl space under the main floor to thaw out frozen pipes. No major injuries were incurred by the homeowner and based on the quick response by the Hudson's Hope Fire Department, the fire was confined to a small area of the residence.

On December 31<sup>st</sup>, the Hudson's Hope RCMP conducted check-stops during the eve of New Years to conduct enforcement for impaired driving. Police stopped and checked several motorists that evening and as a result, two motorists were charged for impaired driving. Based on the investigations, one driver received a 90-day driving prohibition and a 30-day vehicle impound while the other driver received a 3-day driving prohibition and a 3-day vehicle impound. The duration of driver prohibition and vehicle impound lengths, differs depending on the level of intoxication and impaired history of the driver.

On January 10<sup>th</sup>, the Hudson's Hope RCMP conducted a vehicle stop after police observed a vehicle travelling through the marked school zone at a confirmed speed of 68/km/hr. It was found that the attached license plates on the vehicle were stolen and the driver was confirmed to be a prohibited driver. Subsequently, the driver was charged for possession of stolen property and driving while prohibited, along with several other Motor Vehicle Act fines. File remains open for court proceedings.

On January 10<sup>th</sup>, the Hudson's Hope RCMP received a report of an ATV incident that occurred on Williston Lake. It was reported that two individuals had ventured out onto the ice of Williston Lake on ATV's for purposes of ice fishing, when they hit a thin area and broke through the ice. Both individuals escaped taking a Northern icy bath, but both ATV's ended up being submerged for some time until later being retrieved. No major injuries were incurred to the riders.

As a reminder for all ice fishing enthusiasts venturing out onto the local lakes during the winter months, though the ice may appear thick in some areas, the levels of the beds below can vary in depth, resulting in different thicknesses of the ice within a short distance. As a safety note, when venturing out onto the frozen lakes, take the time to test the ice thicknesses as you go and equip yourselves with safety equipment, ie: ropes, In-Reach devices, etc. and always advise someone as to an estimated date/time of return should a major incident occur.

On January 13<sup>th</sup>, the Hudson's Hope RCMP responded to a report of a vehicle fire along Canyon Dr. Police located a single vehicle on fire and later located the driver who was found unhurt. Based on the investigation of the file, it was learnt that the vehicle fire was non-accidental and that the owner had decided to light their own vehicle on fire for unknown reasons. Later in the day, police interacted with the same individual for another police incident and based on the circumstances of this incident, the individual was detained and transported to the Fort St. John Hospital.

On January 15<sup>th</sup>, the Hudson's Hope RCMP conducted a stop of a motorist along Robison Avenue after it was believed that the driver may be operating a motor vehicle while impaired. Based on the outcome of a road-side sobriety test, the driver was confirmed to be impaired and received a 3-day driving prohibition and a 3-day vehicle impound.

On January 15<sup>th</sup>, the Hudson's Hope RCMP responded to a report of a damaged power pole along Clarke Ave. Police attended scene and located a power pole that had been hit by a commercial vehicle, resulting in the pole being partially shifted, resulting in a live line being dislodged from the insulator and loose of power for several residents within town and area for several hours. Police located the vehicle that had hit the power pole and based on the investigation, the incident was deemed accidental.

On January 16<sup>th</sup>, after receiving several reports over the previous month for vehicles that were not stopping for school bus signs when students were being dropped off at their designated school bus stops, police conducted patrols along the school bus routes. Based on the patrol this day, no motor vehicle infractions were observed. Police will continue to monitor these reports.

As a reminder, once a school bus has come to a complete stop, the bus driver is required to extend the stop arm and activate the red flashing signal lights prior to opening the door of the bus. If a school bus is stopped to pick up or let out passengers with the stop arm and signal lights activated, all drivers must stop and not pass whether the bus is oncoming or you are behind the bus. Vehicles shall not proceed until the bus has completely let out or picked up all passengers and started moving. In British Columbia, the first offence penalty for illegally passing a school bus is \$368.00 and for drivers who receive a second ticket, the fine will be \$668.00, and a third offence will run a motorist over \$1,000.00 for that third offence alone.

Anyone with information regarding current or past investigations can contact the Hudson's Hope RCMP directly at 250-783-5241 or anonymously through Crime Stoppers at 1-800-222-8477. Visit <http://crimestoppersnebc.ca> for advice on submitting tips online and to browse the areas "Most Wanted" page.

## Hudson's Hope Rod and Gun Club Monthly Report January 2023

**HHRG club** has updated its Bylaws and Constitution making it simpler to read and understand. A copy will be available at the club house to read and learn. The membership rules are also being updated and important to read when on the HHRG property. We have updated our sign in and out sheet and it looks fantastic thanks to Leland Siemens!

**HHRG club** will have some of its some members receive instruction to become Certified Archery coaches. This is just one of the club's goals to expand & promote the sport of archery. Trina has been in contact with Derrek Beam about using the Gymnasium for archery once we have certified instructors available and offer programs at the gymnasium and out at the range during the warmer months. We discussed grant applications and purchasing a standard NASP archery equipment set which will include Genesis bows and arrows. This way no one needs to own a bow set first before learning how to be archers.

**HHRG club** has purchased and expanded their 3D targets to include lynx, bulls eye, Rinehart, 2-1/3 size cariboo and moose, Jimmy Big Tyne, scorpion beetle, boar and a coyote. You may see them being used at the Thursday night archery shoots at the arena.

**Rodney, our President** talked about Fundraising for this coming year 2023 and what major club improvements to focus on. He suggested that this year the club focus on positioning a Seacan by the static archery range to store all the archery equipment and to improve the Clay Birds better known as SKEET. Great news for our SKEET enthusiasts and those interested in this unique and old sport rich in history! The Banquet discussion has been table until our February meeting. Rest assured we will have something planned!

**Joseph King** is looking to bring the CORE hunter course to Hudson's Hope for February. You can contact him directly.

**Richard Mason** is still working hard gathering history of our club & has been speaking with some of the longtime residents. Apparently most never thought to take pictures but will help if they can with history info. Rodney suggested we have a directors photo taken and hung at the clubhouse. Everyone thought this was a great idea and could be done annually. Anyone with any photos/information about HHRG club please contact anyone from the club.

**To purchase** or renew memberships contact: Felix at 250-256-3782. For general questions contact the President Rodney Rice or Vice President Aaron Lepine. [hhr-gclub.bc@gmail.com](mailto:hhr-gclub.bc@gmail.com).

Until next month, **may your aim be fixed and true,**

## Heritage Week: February 20-26

The Hudson's Hope Museum will be highlighting the traveling exhibit "Our Living Languages." The exhibit will be at the museum until mid March.

### "Peace River Collection"

The Hudson's Hope Historical Society is looking for your photographs for our archives of the Peace River before the construction of Site C was commenced. These pictures will be used in museum exhibits and educational programs in the years to come. By submitting your picture, you are granting the Hudson's Hope Museum permission to use your photo.

Here are the guidelines:

- Landscape photographs of the Peace River. Photographs showing wildlife. Photographs of events (e.g., Paddle for the Peace, BC Rivers Day). After the Site C construction is concluded, we will seek photographs to compare "before and after."
- Please submit pictures taken between Hudson's Hope to Bear Flats
- If there are identifiable individuals in the picture, please provide names
- Identify where the picture was taken, the approximate date and the name of the photographer
- Digital or prints (if you may bring your prints to the Museum, they will be scanned, and the originals returned)

# Catholic-Secondary School

Our students and families enjoyed an awesome Cruisin' Day to Powder King on January 14<sup>th</sup>. We filled the bus with a total of 50 participants including quite a few new skiers and snowboarders. Thank you to the many sponsors who have supported this program for the past 20+ years. Without the support of community organizations such as our local Lion's Club, the District of Hudson's Hope, our school Parents' Advisory Council, and School District #60, these trips would not be possible. Also, thank you to Emil Blandin for providing quality transportation for many of our "high capacity" trips over the years. We really appreciate your dedication!

On Behalf of our Staff & Students, thank you Petronas for your continued support of our Healthy Snack & Numeracy Baking Program. Your support has provided our school with the opportunity to provide healthy food for our students, and learn math in practical (and fun) ways. Thank you, Petronas!

HUDSON'S HOPE PUBLIC LIBRARY

**Sun/ Mon**    **Closed**

**Stat Holidays** **Closed**

**Amber Norton, Library Director**

**Library Closure Dates: Saturday February 18<sup>th</sup> for Family Day Weekend**

**Walk-In Book Club:** This month we focus on Canada Reads but we also wanted to squeeze in one title of interest before it is no longer available in the book club set collection, as it is scheduled to go out to other libraries for the remainder of time in the collection before it is deleted. That title is *Tea Girl of Hummingbird Lane* by Lisa See. This book has a Goodreads Choice award as well as a nominee for numerous best fiction categories. Kirkus Reviews called it “Engrossing...a riveting exercise in fictional anthropology.” This title will be available until February 24<sup>th</sup>.

**Sipology Fundraiser:** We have Sipology fundraiser that is still ongoing! Just visit the link below to see a few special items available from Sipology, including some great teas and tea accessories. Each order is set up with a low \$3 flat rate shipping so that your items can be dispatched directly to you, no waiting around for a group order to be sent! This fundraiser is to raise funds for our Children’s programs! These funds will help us to provide extra special programs on Early Dismissal days from school since our programs are a whole hour longer on those days.

<https://fundraise-ca.sipology.com/collections/hudsons-hope-public-library>

**Wildflowers Child Care Donation:** A huge thank you and shout out to our local Wildflowers Child Care for a \$500 donation in December. We are still in the planning phase of implementing these funds, but here is an excerpt from their funding letter to let you know how their funds are earmarked for use. “This donation may be used towards literacy assistance tools, tactile and stimuli books for children with special needs, Cognitive Care Kits for our Seniors, or to create a sensory corner/area for persons sensitive to external distractions and space. This area is very valuable to both children with sensory challenges and our seniors with their own unique challenges.”

**Library AGM:** We are hosting the Library Association’s Annual General Meeting on February 22<sup>nd</sup> at 7:00 pm. We currently have room to add up to three new trustees at the AGM. If you are interested, please feel free to talk to Lorna Winnicky, our Board Chair, for more information on board responsibilities and time commitments .

**Canada Reads:** Each year we are super excited to choose our personal contenders from the long list of 15 titles released by the CBC. This year we had our own panel of five people submit their personal five contenders list, and the most popular didn’t make the list! We have ordered in *Dandelion* by Jamie Chai Yun Liew because it was so popular, having

4 out of 5 of us vote for it. This year, there was no real winner as we had a 4-way tie for each person guessing two of the titles correctly!

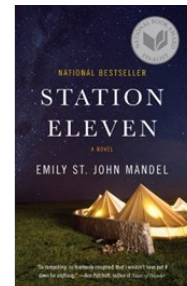

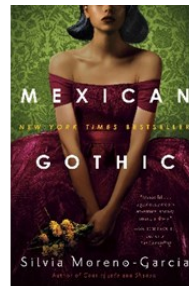

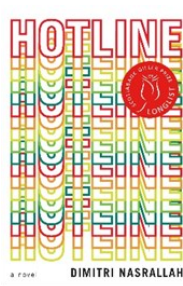

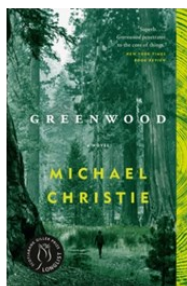

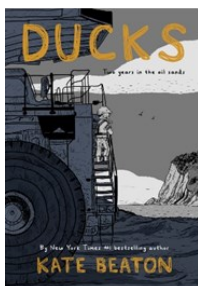

CBC.ca says “this year, the great Canadian book debate is looking for one book to shift your perspective. The stories we tell, and the way we tell them, can shape how we see ourselves, our communities and the world. This collection of books is an opportunity to broaden our horizons, expand our worldview and think differently about the world around us and our place in it.”

The shortlist has been released; we literally held the presses for the announcement on January 25<sup>th</sup>! We already owned three of the titles from the longlist this year, and two of them made the contenders!

The Contenders and their Defenders are:

- Jeopardy! super-champ Mattea Roach champions *Ducks* by Kate Beaton
- Actor Keegan Connor Tracy champions *Greenwood* by Michael Christie
- Bhangra dancer Gurdeep Pandher champions *Hotline* by Dimitri Nasrallah
- TikTok creator Tasnim Geedi champions *Mexican Gothic* by Silvia Moreno-Garcia
- Actor Michael Greyeyes champions *Station Eleven* by Emily St. John Mandel

The Contender titles that we already had in our collection are *Mexican Gothic* and *Station Eleven*, and *We Were Dreamers* is available from the longlist as well. The remaining three titles plus *Dandelion* should arrive by the time this Bulletin is published!

There are a few restrictions on these titles so that we can circulate them through as many patrons as possible in 9 weeks for those titles that we have in, and probably closer to 7 weeks on those that are on order. The debates start on March 27<sup>th</sup>, so get your name on the holds list as soon as you can to get them read before the debates start!

*Contender Circulation Rules: One title per person at a time and a maximum 1-week loan period.*

**StoryTime** Tuesdays @ 10:30-11:30 am Preschoolers & caregivers, babies and toddlers welcome.

February is Heart Month! All of our crafts will be to do with hearts. February 7<sup>th</sup> we will be making a heart tree. February 14<sup>th</sup> we will be crafting a big heart with lots of pieces. February 21<sup>st</sup> we will be making a little heart person and on February 28<sup>th</sup> hand print heart birds!!! What a loving month, plus some really fun heart loving, warming funny stories!!!

**Library Club** Wednesdays @ 3:30-4:30 pm Kindergarten to age 8

Being Heart Month we will be doing heart crafts all month starting with standing hearts. February 8<sup>th</sup> we will do Valentine's gnomes, who doesn't love a Gnome? February 15<sup>th</sup> we are making paper heart planters and February 22<sup>nd</sup> heart caterpillars. A month full of hearts!!! As always, when our story and crafts are done, the kids have some free time to play Lego or games.

**Tween Club** Tuesdays @ 3:15-4:45pm ages 9-12

February 7<sup>th</sup> is our tween club game day and a new Book Bingo Card for February will be ready. We will be playing board games, cards, dice... all sorts of games. February 14<sup>th</sup> we are making a Valentine's Day craft. February 21<sup>st</sup> we will be paper-quilling craft (I am excited about this Day)... February 28<sup>th</sup> the tweens get to pick what they want to do, paint, color, craft, dance, game; it is their choice day, but it will be decided on February 21<sup>st</sup> so we have time to prepare for the day.

**Teen Drop-In** Thursdays @ 5:00-7:00 pm ages 13-18

Teen Drop-In as always we are doing many different things; last month we binged on playing Qwirkle!!! What a fun game that is! We are doing our usual hanging out, socializing, munching, gaming, crafting, we have so many different things to do. Everyone just does their thing, or hangs out doing something as a group. We are a safe and social place for teens to hang out. We have computers and movies and sometimes homework gets done/worked on and books get read!!! Don't forget that our current policy still states that minors need a permission slip to have open access to the internet on our public computers. Please ask for a form from Shellie or Amber. Also, we will be planning our spring Teen Late Night events for

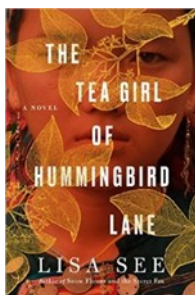

once the main sport practice season wraps up... make sure to come to have your say on what our themes will be!

### **Nancy Smith, InterLibrary Loan (ILL) Librarian & Bookkeeper**

**InterLibrary Loan:** We have noted on a number of separate occasions, our books or InterLibrary Loan books are being shared with friends before being returned to the library. We would prefer that an item be shared back through the library for a number of reasons. If you pass an item on to a friend, that book is still your responsibility to replace if it were to get lost. Additionally, we are not gaining the extra circulation statistic if you are sharing an item with a friend. We have to share our circulation statistics with our board, Council and in our Provincial reporting, so every item circulation is important. Additionally, if you are lending a book that does not belong to our library, we need to give the owning library the opportunity to reroute the loan according to their holds list. We are not saying that it isn't possible to share these items, we would just like to see that sharing happen through the Integrated Library System so that the owning library receives credit for the additional circulation(s), and other patrons that may already be in queue for that item are not being bypassed for an extended loan period. Thank you for your understanding.

Please contact our staff for a tutorial on how to use the My Account feature on our website, to sign up for your own library card, or to place a hold or ILL. If you would like to order in an item that we do not own in our library, please email Nancy at [ill.hhpl@pris.ca](mailto:ill.hhpl@pris.ca) or call (250)783-9414 to request your items. You can order books, audiobook CDs as well as DVDs from most libraries. You can go to our library website [hudson-shope.bc.libraries.coop](http://hudson-shope.bc.libraries.coop) and click through *Using the Library* and *Borrow from Other Libraries* to find information about how to order InterLibrary Loans. Please contact us if you are having trouble accessing your account online.

### **Walk-In Book Club Titles**

“It’s said that great sorrow is no more than a reflection of one’s capacity for great joy.” “One mistake can change the course of your life. You can never return to your original path or go back to the person you were.” “Opium and heroin had not caused our poverty and hopelessness. Rather, poverty and hopelessness had brought about an unquenchable desire to forget.”

— Lisa See

*The Tea Girl of Hummingbird Lane*

*Available until February 24<sup>th</sup>*

## Business Licenses

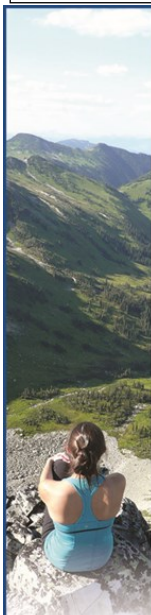

The 2023 Business License statements have been mailed out. If you no longer require your Business License, please call the District Office to have your license cancelled. If you do not have a business license or you are unsure if you require one, please stop in or call for more information.

Bylaw No. 504, 1994 clearly states *"that no person shall carry on, within the Municipality, any business unless he or she is the holder of a valid and subsisting license issued to him or her under the bylaw by the License Inspector and shall pay therefore, to the License Inspector, the sum stated in the bylaw"*. The annual cost for a business license is \$50.00

If you are operating a business without a license, you are in direct violation of Bylaw No. 504.

A "business" is defined as any activity in which you receive monetary compensation for any services that you may provide within the community.

The real estate market was high in 2007-2008. The market fell considerably in 2009 and stayed down for a few years. In 2012 it began to climb again. 2012 saw a busy and healthy market. Momentum was building in HH 2011-2013 (due primarily to gas exploration) but then died down. This is the reason for the 2012 high market. Our market saw a decent year of sales volumes in 2015. But that was followed by 3 years (2016-2018) of below average sales volumes and sales prices. 2019 -2020 seen significant improvement in sales volumes and the days on market decreased. 2021-2022 Has seen lower inventory but properties sell when they are priced right
