SHOUT OUT TO HUDSON'S HOPE FIRE DEPARTMENT

On December 20th, 2022 I had the opportunity to work closely with you and the members of the Hudson's Hope Volunteer Fire Department at a house fire within the community. This is the second large fire I attended with you and your department, the first being the large Beryl Prairie fire last year. I want to pass along how impressed I was with your leadership as the Fire Chief and with the quality and abilities of your volunteer members in suppressing both of these fires. With the fire in December, the temperatures were hovering near -40 Celsius at the time which certainly was challenging for everyone involved. I observed you to provide clear direction to your members and to communicate professionally and effectively with BC Ambulance, BC Hydro and myself as partner agencies.

You also demonstrated the ability to think outside of the box by requesting a local business to keep everyone warm, to liaise with a nearby business to provide hot coffee and reaching out to other contacts in the community for tools and equipment in order to cut the floor to gain access to the fire. I have attended dozens of structure fires as a member of the Prince George and Kamloops RCMP Detachments over the course of my service with the RCMP. Although your team is comprised of volunteers working part time I did not notice any difference between your members and the full time City departments. Please share my comments with Mayor and Council.

All of these businesses donated either items we could raffle or cash to help us in our fundraising goals to purchase a jumping harness for our next season.

We would also like to thank all the community members who came to support us and cheered on our skaters at the Food Explosion Carnival on March 11th. The kids couldn't have been more excited to have such a great crowd!

PROTECTIVE SERVICES

SPRING BURNING

As the weather starts to warm up many folks are beginning to plan some spring-time cleanup activities including the removal of yard waste and debris. Please remember that under the Fire Protection & Life Safety Bylaw 775 which was adopted in 2010, no person shall light or start an open air fire within the District without first having obtained a Burning Permit from the Fire Chief or his designate. These permits are available at the District Office and can be issued for a onetime event or for an extended period of up to one year.

The only time a permit is not required is during the following situations:

- Burning refuse or garden waste only in an incinerator covered with a screen to prevent flying sparks and is approved by the Fire Chief
- The cooking of food using a portable barbeque apparatus
- Burning on privately owned lands or in developed campgrounds where fireplaces, stoves, and/or fire pits are provided and approved by the Fire Chief
- Burning by the Fire & Rescue Services for the purposes of training

If you are contemplating an open burn:

- Consider your options to compost, recycle, or haul the material to the Hudson's Hope Transfer Site.
- Be a good neighbour. Burn only when it will not affect the health and welfare of the community.
- Call the BC Ministry of Environment to check the ventilation index at **1-888-281-2992**. The index must be "good" for the day of the burn and "fair" or "good" for the second day of the burn.
- Check the wind conditions. If the wind is strong enough to carry sparks and embers to other combustible materials postpone your burn.

Remember that your burn must comply with the Environmental Management Act and the Open Burning Smoke Control Regulation as well as the British Columbia Wildfire Act.

Please remember these measures are in place to protect the health and safety of you and your neighbours. If you have any further questions regarding your burning activities please stop by the District Office to speak to Brad Milton the Director of Protective Services, or call 783-9901.

River of the Peace Metis Society **Community Report Feb/March 2023**

River of the Peace Metis Society has been very active in our community with meetings and workshops. On February 12th, MNBC Housing Committee held a meeting here in Hudson's Hope to discuss and receive input from the community for the four new housing projects here. These are located in the Lucas Subdivision and construction should begin this spring.

On February 20th, to celebrate Family Day, we held a luncheon for members, family and elders. Everyone had a good meal.

We were pleased to host a beading workshop taught by Starr Gauthier and all attendees made a beautiful pair of earrings. Thank you so much Starr for sharing your knowledge and talent. It was a lot of fun and beading is an important part of Metis heritage.

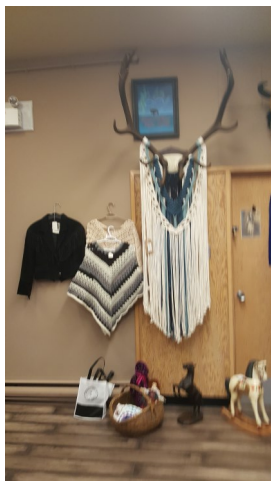

Brandy, from Blue Moon Yoga & Wellness, has started a new season of reflexology clinics for us. The next scheduled one will be April 14th. Brandy also teaches chair yoga along with her reflexology. Anyone wishing to schedule a session please contact Irene at 250-783-3323.

Lynn, Val and Sugar are still busy working with the Site C committees and progress is being made on the development of the indigenous culture center, to be built on Site C property. This is a collaboration of ideas from the 13 Nations of Treaty 8, of which the Metis are a part of.

The wind panels will be installed in the educational learning outside structure on the school grounds this month.

The Northeast Aboriginal Business Center is proving an eight week course known as "target". The course started here March 6th and is designed to help build the skill to start your own business. The course includes computer skill, oil and gas tickets and hospitality tickets.

Carol Paynter of the Northeast Aboriginal Business Center presented President Paice with a beautiful Metis shawl. Thank you so much Carol.

The gift shop is always getting more items in. Lots of art and crafts, unique one-of-a-kind items. Come down and have a look! Hope to see you soon.

Respectfully,

Valerie Paice, President

Police Report February / March 2023

Hudson's Hope RCMP responded to 33 calls for service between February 19th to March 28th. 47 written violations and warning tickets were issued to drivers between the above dates for various motor vehicle related offences. Highway and road safety continues to be a focus for the Hudson's Hope RCMP.

Please make note of the new **"NO LEFT TURN"** sign that has been erected at the intersection of Osbourne St. and Canyon Dr. This sign has been put in place for motorist and residential safety. An offence of "Improper Turn at Intersection" comes with a fine of \$109.00.

On February 20th, the Hudson's Hope RCMP received a report of a single motor vehicle accident along Farrell Creek Rd. The motorist lost control of the vehicle while attempting to slow down at a sharp corner, resulting in the vehicle sliding into the ditch and rolling several times. Due to the motorist utilizing their seatbelt, they incurred minor injuries. Weather was deemed a major factor in this incident.

On March 15th, the Hudson's Hope RCMP received a report to a single motor vehicle accident along Kobes Rd. It was reported that the motorist was travelling North-bound along the road and for unknown reasons, the trailer jack-knifed, resulting in the trailer colliding with the truck. No injuries were incurred to the driver.

On March 17th, the Hudson's Hope RCMP received a report of an online fraud. It was reported that the complainant transferred a lump sum of money and personal information to an unknown individual after being convinced that the monies would assist them with their medical conditions. It was later found that this interaction was fraudulent in nature. File remains open for investigations. Whether you've been scammed or targeted by a fraudster, you should always report it to the Canadian Anti-Fraud Centre: www.antifraudcentre.ca or call: 1-888-495-8501.

On March 21st, the Hudson's Hope RCMP received several complaints to a large herd of bison that had escaped their paddock and were roaming along Beryl Prairie Rd. Police attended the area and confirmed that the escapee bison were eventually corralled and secured. File passed along to the Animal/Livestock Compliance Officer for the area.

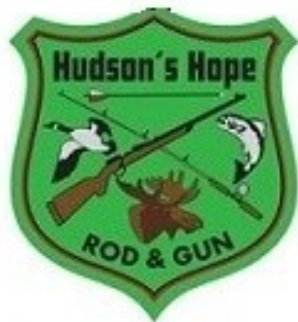

On March 22nd, the Hudson's Hope RCMP stopped a motorist along Hwy 29 for excessive speed after the noted vehicle was confirmed travelling at a speed of 173km/hr in a marked 90km/hr zone. Police further confirmed that vehicle had invalid insurance. The driver received an excessive speed ticket along with other fines, and the vehicle was impounded for 7-days.

On March 27th, the Hudson's Hope RCMP received a report of a boater who had ventured passed the "do not enter" area near the Peace Canyon Dam. Police attended the area and between police interactions and the blasting of the dam sirens, the boater eventually vacated the area. As of note, this area is marked as a "do not enter" for the safety of the public. Upon the dam releasing water from the spillways, the level of water in this area can rise within seconds and creates very unsafe circumstances for boaters and individuals in the immediate proximity.

Anyone with information regarding current or past investigations can contact the Hudson's Hope RCMP directly at 250-783-5241 or anonymously through Crime Stoppers at 1-800-222-8477. Visit <http://crimestoppersnebc.ca> for advice on submitting tips online and to browse the areas "Most Wanted" page.

Amber Norton, Library Director

Local Author: J. K. Rose, also known as Hudson’s Hopes own Jessica Kempster, released her first self-published book in November of last year. We are so pleased to be hosting her in the library for a reading and book talk on Tuesday April 18th at 6:00 pm! Come on in before then to check out her book from the library. She will also be selling signed copies of her book! Please join us for an intimate conversation with one of our own local authors! Please note that this book was written for an older Young Adult audience. There are adult situations and adult language in this book. Discussion will include adult themes.

DIY Hydroponic Vegetable Gardening Presentation: Have you ever wondered about hydroponic vegetable gardening? Bob Norton has been testing various methods of DIY hydroponic gardening over the past few years and would love to share his method for growing greens all year round! Bob’s hydroponic trialling has included growing different varieties of lettuce and bok choy through the winter, as well as using his system for tomatoes, tomatillos, cucumbers and peppers in a greenhouse. He grew tomatoes last year on his deck through the summer. Join us for an evening presentation on various DIY hydroponic methods that Bob has tried over the years. PLUS! You will get to start your own hydroponic seedling to take home using the Kratky method for free! This method can be kept all summer as is, or you can keep it growing until you have your own hydroponic pump system set up to transfer your veggies. We need those attendees that would like to go home with their own Kratky method transplant to RSVP so that we can make sure there are enough seedlings and supplies ready to transplant. Please RSVP by April 10th. We may have to limit to 1 per household. The presentation will be on Tuesday in May 2nd at 6:00 pm.

Walk-In Book Club: Both of our April book club titles are making a reappearance f but they were so good that we just had to bring it back! Both are staff picks!

Shellie’s Pick: *Daisy Jones & the Six* by Taylor Jenkins Reid rates 4.24 stars out of 5 on Goodreads and has a Goodreads Choice award as well as best historical fiction in 2019. This title was adapted as series that was released on March 3rd. The adaptation was a collaboration between Prime Video and Reese Witherspoon’s Hello Sunshine production company. Will you read before you watch, or watch before you read? This title will be available until May 5th.

Amber's Pick: *Furiously Happy* by Jenny Lawson portrays mental health with a laugh-out-loud perception that just might help the reader shift their perspective on mental health. Amber read this book last summer and says, "My husband started to read my copy first after we went camping and he forgot to bring a book... who does that? Who goes off grid and doesn't bring something to read? I brought three physical books and many eBooks, for a two-day camping trip! You never know when it will be too windy to fish! Thankfully, I brought something that would interest him, but he chose one of mine anyway! LOL He couldn't keep the book to himself, so when we were back in cell service, we had to download the audiobook and experienced it together! I love how this book made both of us chortle, guffaw and giggle! Just wait until you find out why there is a raccoon on the cover!" This title is available until May 12th.

Donations & Grants: we have exciting grant news coming! By the time this is published, we should have more details to share, but for now our staff and board are all on the edge of our seats with anticipation for what new program and facility updates might be in store! Did you know that the library is a charitable organization? As such, we can issue donation receipts for any monetary donation over \$20. Your donations may go toward special programming, collection development and other library innovations. Do you have an idea for how your donation can inspire innovation within the library? Reach out to the Library Director to discuss how you or your organization can help!

Canada Reads: Thank you to all who participated in reading the Canada Reads contenders this year. As I am writing this, we are just going in to the debate week! Which contender came out on top?

Purdy's Easter Fundraiser: Thank you to those community members that supported our public library fundraising efforts for our Easter 2023 Purdy's campaign! With your purchases and donations we raised nearly \$300! Thank you so much for your ongoing support for library programming! We may still have a few items left for in person sales at the library. Cash or cheque only please.

Returning Staff: Katie is just finishing up a very successful first year of University, and she is excited to rejoin our team! She will be working in the library from time to time helping on special projects and of course helping out with programming! We are so excited to have her back on the team!

Manfred Josef Rauchfuss

02.08.1932 - 03.13.2023

Manfred was born in Tisa, Czechoslovakia on February 8th, 1932.

He loved the outdoors, even at an early age, playing amongst the Elbe Sandstone mountains.

His teachers and family found him to be un-incorrigible and sent him to mining school in his adolescence. He worked 2 km underground digging coal with P.O.W's. In the early 1940's, Germany invaded his hometown and displaced him and his family, taking everything from them.

After the war he found work in Germany as a metal smith and received an opportunity from his employer to be sponsored for immigration to Canada. In the early 1950's it was one long boat voyage and a train ride that brought him to Vancouver, B.C. where he married Ilse.

He worked at a steel factory in the Port of Vancouver for many years and then worked for 16 years at Grey Beverage Company delivering for 7-UP.

Hunting/Fishing and mountaineering in the coastal mountains was a fond memory, along with sailboating the channel of Vancouver Island in his homemade sailboat.

He semi-retired and moved to Hudson's Hope in the early 1980's. He purchased a trap line and lived in Lynx Creek subdivision for many years.

He will be dearly missed by the many people who had the opportunity to spend time with him.
